ENGLISH

Respected users:

Thank you very much for buying and using our laptop battery.

This instruction manual states how to use and maintain the battery correctly. Batteries are consumables, and have a limited service life. However, we can prolong the life of the laptop battery considerably through correct operation, proper charging/discharge and correct storage.

Usage

It's discharge the battery to 20% and then charge fully to 100% at the first cycle after purchasing.
Do not discharge the battery pack to 0% so that will damage the battery pack and shorten its life.
It must be charged after 15% for long-term storage.
The removal of adapter or adapter that has been used over long-term may cause the battery not to be charged because of the inefficiency output of adapter. Please check your adapter first for charging problems of the battery.
Never take out the battery from laptop when it is being charged or discharged.

These safety instructions should be read carefully and must be fully understood before attempting to use your laptop battery.
