

- **Role of managerial accounting and the management accountant in a business or organization**
- **Ethical issues/concerns for the management accountant**
- **General description of at least three managerial accounting techniques available and their application within a business or organization**

Part II (Four to six double-spaced pages)

Select at least three of the five topics identified below:

- **Cost Management Techniques**
- **Costing Methods**
- **Capital Investment Decision Techniques**
- **Budgeting**
- **Quality Control**

For each topic selected present real world examples of the application of managerial accounting techniques within a business or organization. Examples may be gathered from your own professional experiences or from case studies obtained from credible sources (excluding textbook examples explored in previous weeks). Presentation of each example should include how a managerial accounting technique was applied in the business or organization's decision-making model. Be sure to support your example with calculations when applicable.
