

Programming your phone

Setting your phone preferences

Press **PHONES** to access programming, and then select from the menu options. During any programming step, you can press **HELP** for a detailed description of the feature.

- 1 Help**

 - 1 How to use the phone
 - 2 How to use voice mail
 - 3 Phone features
 - 4 User labels
- 2 Station settings**

 - 1 Station ring tone
 - 2 Station ring volume
 - 3 Message ring
- 3 Select personal greeting**

 - 1 Greeting
 - 2 Greeting
 - 3 None
- 4 Programmable feature keys**

 - 1 Station options
 - 2 Call waiting
 - 3 Personal greeting transfer
 - 4 Call time preference
 - 5 Hands-free answer
 - 6 Monitor mode
- 5 External notification**

 - 1 Forward Call Routing
 - 2 Message Receipt Bin

Note: Certain items shown in the menu above may not be applicable to your specific phone system. Consult your System Administrator for more information.

Programmable feature keys

- There are two methods for programming your phone:
- Direct programming** — Select the key you want to program, and hold it down for at least ten seconds. This not only initiates programming but also lets you immediately program that specific key.
 - Featurelist programming** — Press **PHONES**. The Visual User Guide will assist in your setting up through the full menu, during which you can choose the appropriate option.

The programmable feature keys can be programmed as:

- Line keys** — If programmed with a two-digit line number, the key will display a line line providing ring information and initiate line access.
- Station keys** — If programmed with a three-digit extension number, the key will provide station ring status and direct station access and transfer.
- Speed-dial keys** — Can be used for automatic dialing of frequently called station numbers. Enter the line access code (8, 9 or 7) over the phone number.
- Additional feature keys** — Depending on your system, there may include desktop control, service charging, agent login, system speed dial, personal greeting, etc. See the feature information for assistance.

Special features

Monitor mode

You can program your phone to allow listening a message as it is being left in your mailbox, for your selective interruption.

Call forwarding

On a 24-Key Feature Phone, dial 8 8 8 and then press a station key to forward your call to that station. To disable call forwarding, dial 8 8 8 and hang up. You can make a call-forward key by assigning 8 8 8 to a programmable feature key. On a 24-Key Feature Phone, Press **CFWD** and then press a station key to enter an extension to forward your call to that station. To disable call forwarding, dial **CFWD** and hang up.

Message Receipt Bin (m-deletes)

Your phone system stores your 10 most recently deleted messages in a Message Receipt Bin (**PHONES** 5) to allow you to re-read messages that may have been deleted in error.

Off-hook indicator/message light

The red message light, located at the top of the phone, indicates three conditions: A phone that's off-hook gives solid red-line priority, continuously "blinks" when ringing (second priority) and stays when that station has two more ring waiting (third priority). The indicator will light according to the priority of the condition.

Headset jack

Your phone may also be equipped with a headset jack located on the bottom of the phone. To use a headset, first assign 8 4 4 to a programmable feature key, making it a **headset key**, then plug the headset into the phone. To answer a call, press the headset key you programmed to answer the call, press the headset key again. You can still use the handset at any time. In headset mode in headset mode, you must press the programmed headset key before placing the headset back in its cradle. (See the User's Guide for more details.)

Note: You must program headset operation (**PHONES** 1 5) and use an external headset amplifier if you are using an E90 phone without a headset jack or an E30 system manufactured in 2003.

Using help mode

Your phone's help mode is designed to help you learn about phone features, how to use your phone, how to use voice mail, and how to handle calls and messages (user labels). To access one of these topics, press **HELP** and choose from the menu. While programming a feature on your phone, you can press **HELP** to have a more detailed description of that feature. The on-screen user label — **HELP** — appears at the bottom of call and message handling in a regular step-by-step manner.

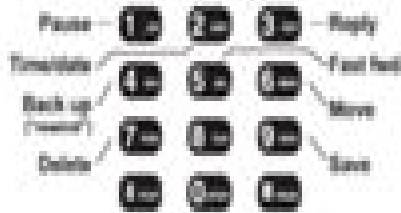

Using voice mail

Note: Certain E30 phone systems have either an integrated **Answering Machine** (which works differently than system voicemail) or no voice mail at all. Consult your System Administrator for more information.

If you have new messages, your display will show the number of new and old messages in your mailbox.

Retrieving messages from your station

- Press **VOICE MAIL**.
 - When prompted, enter your password (if required). The default password is 8 (meaning, no password required).
- During playback of a message, the display will show the number of the message, the duration of the message, whether it's new or old, and the duration of the message. You can press any of the following keys anytime during the message or during the prompt following the message:

- 1 Pause** — Pauses playback for one minute or will proceed again.
- 4 Time/date** — Toggles the display between the time/date and the Caller ID (caller ID enabled).
- 3 Reply** — To automatically reply to a message from another user (either the system), begin recording your reply at the time, press 1 to stop. You will then be returned to the original message for further action.
- 7 Back up** — Back up ("rewind") playback ten seconds for each time you press it during message playback. If pressed after the message has finished, returns you to the message's beginning.
- 6 Fast forward** — Advances playback four seconds each time you press 6.
- 9 Move** — Moves a copy of the message to another user's mailbox or to a queue (group). If you want to add an introduction, press 1 when prompted. The phone system will respond with the mailbox greeting and record tone. When you're finished your recording, press 1 to stop.

- 8 Delete** — Deletes the message.
- 9 Save** — Saves the message. It will be played as an old message. The next time messages are retrieved, **Note: 8 8** saves the message as a new message.

Hang up when finished. (If you hang up while a message's playing back, the message will contain a "user" message.)

Retrieving messages from a remote location

- In the main greeting, after you 8, and enter your mailbox number 8, where the operator transfer you by pressing **VOICE MAIL**, and then 8, and entering your mailbox number.
- When prompted, enter your password (if required). The default password is 8 (meaning, no password required).

The phone system will announce the number of new and old messages and play the latest new message.

The additional key functions listed below may be used from a remote location:

- 8 New time/date** — Plots the message, plays the time/date of the message and then returns playback.
- 8 Access user programming** — Lets you change the personal greeting (if permitted).

Note: Fast forward is not available from a remote location.

- 8 New greeting** — Returns you to the main greeting.
- 8 Transfer** — Transfers you to the operator.
- 8 Leave a message to another mailbox** — When prompted, enter the user's mailbox number.
- 8 To disconnect** — Can be used hanging up if pressed during playback of a message. The message will be saved.

Mailbox personal greetings

You can record up to three personal greetings (**PHONES** 5), and then change between them as desired.

Example: "Hi, this is 888. It's easy from my phone or on the phone. You may reach the operator by dialing 8 tone or leave this a station message and it respond to it promptly."

Esi Features Guide

Michal Rosen-Zvi

Esi Features Guide:

As recognized, adventure as without difficulty as experience practically lesson, amusement, as well as covenant can be gotten by just checking out a ebook **Esi Features Guide** afterward it is not directly done, you could take even more with reference to this life, concerning the world.

We have the funds for you this proper as competently as simple showing off to get those all. We come up with the money for Esi Features Guide and numerous book collections from fictions to scientific research in any way. in the course of them is this Esi Features Guide that can be your partner.
