

SAMPLE APA PAPER (6th ed.)

Per the *Publication Manual of the American Psychological Association* (APA) (6th edition), double-space the entire paper, except with charts or tables. Do not add any extra spacing, except with page breaks between chapters (for very long papers), between the cover and first page, and between the last page and the reference section. Use Times Roman, 12-point font. Do not use bold except for headings. Margins are set for one inch on top, bottom, and sides. The header on the cover page is different from the headers on the rest of the paper. Only the cover page header includes the words *Running head*. The header is flush left but the page numbers are flush right. Make sure the header font is the same as the rest of the paper. Handouts on how to format the cover page (as well as other handouts) are available on the Writing Center's Resources for Writers web page: <http://info.csp.edu/en/Academic-Resources/WritingCenter/Resources-for-Writers/>, and a video demonstration is available on the Writing Center's Informational Videos web page: <http://info.csp.edu/en/Academic-Resources/WritingCenter/Instructional-Videos/>.

The Dancing Fox: A Sample Paper in APA Style

Professor William Louis

August 9, 2013

Note: Center the following information in the middle of the page: title, your name, school name, course title and section, the instructor's name, and the date. **APA only requires the title, author's name, and institutional affiliation**, but most CSP instructors ask for the date and course information too—check with the instructor or syllabus. Do not use contractions in formal papers—either in the title or the body of the paper ("do not" rather than "don't"). Titles should include no more than 12 words. Titles use upper and lowercase letters.

Note: This paper reflects the sixth edition of the *Publication Manual of the American Psychological Association*. Last updated August 9, 2013.
