Hq Asaf Writing Guide:

Pakistan at the Crossroads Christophe Jaffrelot, 2016-04-12 In *Pakistan at the Crossroads* top international scholars assess Pakistan's politics and economics and the challenges faced by its civil and military leaders domestically and diplomatically. Contributors examine the state's handling of internal threats, tensions between civilians and the military, strategies of political parties, police and law enforcement reform, trends in judicial activism, the rise of border conflicts, economic challenges, financial entanglements with foreign powers and diplomatic relations with India, China, Iran, Saudi Arabia, Afghanistan, and the United States. In addition to ethnic strife in Baluchistan and Karachi, terrorist violence in Pakistan in response to the American-led military intervention in Afghanistan and in the Federally Administered Tribal Areas by means of drones, as well as to Pakistani army operations in the Pashtun area, has reached an unprecedented level. There is a growing consensus among state leaders that the nation's main security threats may come not from India but from its spiraling internal conflicts, though this realization may not sufficiently dissuade the Pakistani army from targeting the country's largest neighbor. This volume is therefore critical to grasping the sophisticated interplay of internal and external forces complicating the country's recent trajectory.

[Rin Mutiny, 1946](#) Biswanath Bose, 1988 The book is written on the basis of

historical background imbibing the facts of the final phase of India's liberation movement, valorous deeds of the teenaged Indian sailors in the uprising and has unearthed many notable events of the contemporary period. A condensed account of the entire episode written in a manner to throw light to the hidden glory of Indians struggling for freedom. RIN MUTINY 1946 is laudable to all freedom-loving people. It contains not only the most authentic version of a leading participant in the Mutiny but also those who were associated with him in the Strike Committee. The book has also covered International and National press reports, participating warships and naval establishments all over the country. Reviews: The book is certainly a very good attempt for an authentic portrayal of hitherto unpopular but sensitive event of Indian history. There is sufficient material for the students of history and inquisitive readers as well as research scholars. Dr B C Kalita, Review Projector India Vol 9 No 7 9. The author of this book was a participant in the historic uprising of the courageous sailors who wrote a glorious chapter in the history of our freedom movement. This reviewer congratulates the author for the painstaking work that he took in making his own contribution and bringing together other valuable material. E M S Namboodiripad, People's Democracy, June 25 1989. The book under review is a noble attempt to draw attention of both historians and the patriotic people to the immortal heroes within the military personnel who fought and died during India's struggle for freedom. Biswanath Bose's work has done a remarkable job by vividly presenting the history of a glorious battle which our official historians ignore wilfully to shield our national heroes somewhat unjustifiably. School apart from being a place of education and transmission of new knowledge should also be a place of personal development and enhancement of students' well-being and mental resilience while protecting mental health and preventing teacher burnout. The current COVID-19 pandemic has made the need for psychological support for students and teachers more urgent than ever. The science of positive psychology has offered many tools and methods that are particularly effective in the school environment and in educational contexts in general. New tools, methods and practices are needed to enhance the well-being and psychological resilience of students, teachers and parents in a time of challenges such as the current pandemic and inflation that cause stress, uncertainty and an increase in psychopathology.
