Information Technology in Geo-engineering D. G. Toll,Hehua Zhu,Xiaojun Li,2010 Information technology IT is now intrinsic to many aspects of our lives and this is no less so for the field of geo engineering where it is widely used This volume presents the proceedings of the First International Conference on Information Technology in Geo Engineering in Shanghai September 2010 The conference brought together engineers scientists researchers and educators to review new developments and IT advances in geo engineering and provided a forum for the discussion of future trends Iformation technology evolves constantly and the innovative concepts strategies and technologies which have sprung up are becoming ever more important to all aspects of geo engineering facilitating design processes improving construction efficiency andlowering maintenance costs These topics are among the many addressed here Of interest to all those involved in the field of geo engineering it is hoped that this volume will prove to be the first of a series to cover regular international conference on this increasingly important subject
