The Linguistic Challenge of the Transition to Secondary School Alice Deignan, Duygu Candarli, Florence Oxley, 2022-12-30 This book provides a unique analysis and description of the linguistic challenges faced by school students as they move from primary to secondary school a major transition which some students struggle with emotionally and academically The study draws on a bespoke corpus of 2.5 million words of written materials and transcribed classroom recordings provided by the project's partner schools combines quantitative and qualitative approaches to the corpus data to explore linguistic variation across school levels registers and subjects describes the procedures of corpus compilation and analysis of written and spoken academic language showing how modern corpus tools can be applied to this far reaching social and educational issue uncovers differences and similarities between the academic language that school children are exposed to at primary and secondary school contrasting this against the backdrop of the non academic language that they encounter outside school This book is important reading for advanced students and researchers in corpus linguistics applied linguistics and teacher education It carries implications for policymakers and schools looking to support students at this critical point in their schooling The Open Access version of this book available at <http://www.taylorfrancis.com> has been made available under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

Assessing Learning in the Primary Classroom Sandra Johnson, 2012-03-12 Why is assessment so important in the teaching learning process How should we assess pupils in the primary classroom Assessing Learning in the Primary Classroom is an accessible introduction to the concepts critical to a professional understanding of this vital aspect of a teacher's role It comprehensively considers the principles underpinning effective assessment the different forms it can take and the different purposes it serves both within and beyond the classroom Linking the latest research and theory with examples of assessment in the classroom it considers key issues such as Why we assess How we assess How we ensure quality in assessment validity and reliability Assessment internal and

external to the school Statutory assessment throughout the primary school Local national and international assessment Using assessment results in pupil teacher school and system evaluation Assessing Learning in the Primary Classroom is for all students undertaking their PGCE those working at masters level and experienced teachers who wish to broaden their understanding of both the value and pitfalls of educational assessment Library Literature & Information Science ,2009 An index to library and information science literature

Teaching Science Matt Cochrane,Tony Liversidge,Bernard Kerfoot,Judith Thomas,2009-06-16 Reflective practice is at the heart of effective teaching and this book helps you develop into a reflective teacher of science Everything you need is here guidance on developing your analysis and self evaluation skills the knowledge of what you are trying to achieve and why and examples of how experienced teachers deliver successful lessons The book shows you how to plan lessons how to make good use of resources and how to assess pupils progress effectively Each chapter contains points for reflection which encourage you to break off from your reading and think about the challenging questions that you face as a new teacher The book comes with access to a companion website www.sagepub.co.uk secondary

Parliamentary Debates (Hansard). Great Britain. Parliament. House of Commons,2008
