Human Resources Development Canada, Canada. Interprovincial Partnerships and Occupational Information Division, 2000 This analysis is directed at the painter decorator who is capable of applying decorative and or protective finishes to a wide variety of materials in residential commercial institutional and industrial settings The analysis identifies tasks and sub tasks performed by a painter decorator arranged in blocks of distinct operations relevant to that occupation These blocks include workplace safety basic job skills surface preparation paints coatings wall coverings wood finishing and specialty finishes For each task the document outlines the element of skill and knowledge needed to perform the task adequately identifies any shifts or changes in technology that affect the task lists tools and equipment required for the task and provides an indication of whether the task has been validated by each province and territory The appendix includes a list of tools and equipment used in the occupation and a tabulation of the percentage of time a worker spends performing each block and task in a given year by province territory and for Canada as a whole **The Graphic Standards Guide to Architectural Finishes** ARCOM, The American Institute of Architects, 2003-03-24 From ARCOM and The American Institute of Architects A complete visual guide to choosing and using finish materials In this unique guide the authors of MASTERSPEC and Architectural Graphic Standards join forces to

offer architects vital single source access to the unbiased information they need to evaluate select and specify the best finish materials for any job. This powerful visual resource combines hundreds of illustrations from Architectural Graphic Standards with corresponding building material performance and specification information from AIA's MASTERSPEC published by ARCOM. Use this book during the schematic and design development phases of a project and as an indispensable aid for product selection and specification. Essential for architects, interior designers and building designers, this vital reference provides information to make informed decisions about specific design goals such as affordability, environmental friendliness, durability, fire resistance and esthetic success. Features include: Unique source of independent in-depth building product performance information; the one source that gives you reliable building product information before you consult with manufacturers; Covers a full range of standard finish materials and includes selection criteria, details, typical product sizes and installation and maintenance data; Provides current standards based on research by government association and independent testing organizations as well as the input of experienced architects and specifiers. Architectural Graphic Standards has served the design community for decades as a virtual bible for architectural detailing. MASTERSPEC Evaluations have long comprised one of the best resources available for building product selection and specification. Consolidating the strong points of both into this new desktop reference is an act of sheer brilliance. Martin M. Bloomenthal, FAIA, CCS, CSI, Principal, The Hillier Group, Princeton, New Jersey. *Associations Canada*, 2007. *Paint Testing Manual* Sward, 1972.
