Chips from a German Workshop: Essays on literature, biography, and antiquities Friedrich Max Müller, 1871 **Chips from a German Workshop** Friedrich Max Müller, 1871 **Hineni: My Walk Into Beautiful Life** S. Joshua Mendel, 2014-12-22 Every so often our practical science dominated world is gifted with a mystic a spirit based spirit directed person The world doesn't know how to deal with these people They are disrespected at the very least often bullied sometimes drugged into submission and even institutionalized Without recognition and support the mystic believes there is something wrong with them Unhealed these individuals may abuse themselves to the point that they might even consider killing themselves and do so This book chronicles the author's 40 year journey of healing and personal growth learning to accept himself as a gifted hypersensitive gay mystic Mismatched to the norms and demands of his family home religion peers and society the author was a depressed immature and fearful recluse for 26 years of his life Contemplating suicide at age 21 he heard a Voice Learning to listen and follow that Voice the author employed a range of traditional and untraditional religious and spiritual thought systems The span of technologies include western and eastern religions Quakerism Twelve Step programs the Course in Miracles Men's work past life regression and channeling automatic writing In a Vision this nontheist birthright Jew realized to his surprise that The Voice guiding him on his journey was Jesus Hineni is an intensely personal and frank autobiography an ethical will of how the author became a whole human being and what he learned and is still learning on his journey This book can start a reader thinking about places s he have been spiritually as well as the places s he might go Hineni clearly shows that life is a journey not a destination That the tools and guides on that journey are personal integrity and inner guidance And that any time or effort spent learning in any community or spiritual discipline is never a waste because any and all efforts and understanding get incorporated in who that person is becoming and we are all becoming until we leave the planet The reader is encouraged and challenged to ask what s he knows and believes on the basic questions of being human being a spiritual being having a human experience **Edith Stein's Life in a Jewish Family, 1891-1916** Joyce Avrech Berkman, 2023-04-04 Edith Stein's Life in a Jewish Family 1891 1916 is a treasure trove for the study of Stein's youth and early adulthood her approach to writing autobiographically and her intricate relationship with historical influences of her time and place Through intellectual mining Stein's narrative and conducting a comprehensive historical analysis of Stein's achievement as a distinct type of autobiography Joyce Avrech Berkman argues that a key axis of Stein's consciousness values philosophical ideas and life choices is a deep tense unresolved philosophical and spiritual struggle to both uphold traditional societal and cultural values and practices and also critiquing them to pioneer new patterns of thought Berkman further probes the sharply controversial nature of Stein's autobiography for her family members and Stein scholars in the decades after her death Edith Stein's Life in a Jewish Family 1891 1916 A Companion serves as an important guide to scholars in autobiographical studies history philosophy and theology as well as to a broader

Wimberly, 2006-05-01 Ed Wimberly's important book links politics and pastoral care two practices I haven't seen connected very often Wimberly's book comes at a critical time in the life of theological education and religious practice in America There is a raging debate afoot within black church culture about the appropriate balance of personal and political construal of the Christian message This book could advance a much needed approach to a complicated conversation about the kind of pastoral care best suited for people who have known racism sexism poverty and religious abuse Wimberly's dedication warmth intelligence and charisma will transform this book into a tool for opening closed minds and closing open arguments that do not liberate Robert M Franklin Presidential Distinguished Professor of Social Ethics
