Antiterrorist Initiatives John B. Wolf,2012-12-06 Traditionally terrorist bands operating in rural or urban areas use violence to cast themselves as a legitimate political force Necklacing placing an oil soaked tire around the neck of an informer and then igniting it and knee capping positioning a handgun behind the kneecap of a tout a police informer and then squeezing the trigger are among the enforcement methods used by clandestine groups to administer revolutionary justice Necklacing is used by the African National Congress A N C Knee capping is a traditional Irish Republican Army I R A tactic Governments frequently lend credibility to the terrorists claim of legitimacy by not implementing measures intended to extirpate them Frequently democratic societies fear that rigid control measures pose a threat to civil liberties Reluctant to move a democracy is often hamstrung by terrorists bent on manipulating its values A media campaign intended to mobilize public opinion against the terrorists and garner mass support for the government and its control measures is the linchpin of any antiterrorist campaign Centralized intelligence gathering is another essential component Terrorism when it becomes a regular campaign of bombings and other atrocities is no longer a problem for just the police and the army The entire society is affected For example all groups comprising the multi ethnic population of Sri Lanka and South Africa are presently exposed to the terrorist threat
