## SAFETY STARTS AT THE BUS STOP

- Walk on the sidewalk
- Get to the bus stop at least 5 minutes before the bus is scheduled to arrive
- Be sure to wait at least 6 feet away from the curb
- The bus stop is not a place to run or play

## GET ON AND OFF SAFELY

- Wait until the bus comes to a complete stop, the door opens, and the driver says it's okay before approaching the bus door.
- Use the handrails to avoid falling.
- Look right before you step off the bus.

## KNOW WHAT THE LIGHTS MEAN!

- Red Lights mean: all directions must stop!
- Yellow Lights mean: slow down, bus is about to stop!

## KNOW THE DANGER ZONES!

- The 10 giant steps (or 3 meters) rule is a good measurement for children to identify the danger zone!
- If children can touch the bus, they are too close
- If you cannot see the bus driver, they cannot see you!
- Children should never play around or near the school bus!

Bennett,2020-09-23 Over the last fifty years Canada s public schools have been absorbed into a modern education system that functions much like Max Weber s infamous iron cage Crying out for democratic school level reform the system is now a centralized bureaucratic fortress that every year becomes softer on standards for students less accessible to parents further out of touch with communities and surprisingly unresponsive to classroom teachers Exploring the nature of the Canadian education order in all its dimensions The State of the System explains how public schools came to be so bureaucratic confronts the critical issues facing kindergarten to grade 12 public schools in all ten provinces and addresses the need for systemic reform Going beyond a diagnosis of the stresses strains and ills present in the system Paul Bennett proposes a bold

plan to re engineer schools on a more human scale as the first step in truly reforming public education In place of school consolidation and managerialism one size fits all uniformity limited school choice and the success for all curriculum Bennett advocates for a new set of priorities decentralize school governance deprogram education ministries and school districts listen to parents and teachers and revitalize local education democracy Tackling the thorny issues besetting contemporary school systems in Canada The State of the System issues a clarion call for more responsive engaged and accountable public schools
