

Documentation of Face to Face Encounter

Patient Name:

Jane Doe

ABHS PID:

00234

Date of Birth:

06/11/43

I certify that this patient is under my care and that I, or a nurse practitioner or physician's assistant working with me, had a face-to-face encounter that meets the physician face-to-face encounter requirements with this patient on: 03 09 2011

(Month)

(Day)

(Year)

The encounter with the patient was in whole, or in part, for the following medical condition, which is the primary reason for home health care (i.e. medical condition):

Exacerbation of CHF

I certify that, based on my findings, the following services are medically necessary home health services (Check all that apply):

☒ Nursing

☒ Physical therapy

☐ Speech language pathology

My clinical findings support the need for the above services because: Patient admitted to hospital with exacerbation of CHF. EF 35% requiring O2, diuresis and medication adjustment. Will require additional medication management and monitoring and therapy for gait training.

Further, I certify that my clinical findings support that this patient is homebound (i.e. absences from home require considerable and taxing effort and are for medical reasons or religious services or infrequently or of short duration when for other reasons) because: Patient is SOB with distances greater than 20 feet, requires O2 and assistive device for ambulation. Stage IV CHF.

From the Foreword

Written for Adult Gerontology Primary Care Nurse Practitioners, faculty and students, this primary text encompasses the full scope of AGNP primary care practice across multiple healthcare settings including telehealth. The text emphasizes the best available evidence to promote person-centered care, quality improvement of care, interprofessional collaboration and reducing healthcare costs. The text delivers timely information about current healthcare initiatives in the U.S. including care coordination across the healthcare continuum, interprofessional collaboration and accountable care organizations.

Disease-focused chapters contain general and specific population-based assessment and interprofessional care strategies to both common and complex health issues. They offer consistent content on emergencies, relevant social determinants of health and ethical dilemmas. The text also prepares students for the administrative aspects of practice with information on the physical exam, medications, billing, coding and documentation.

Concise, accessible information is supported by numerous illustrations, learning objectives, quality and safety alerts, clinical pearls and case studies demonstrating best practice. A robust ancillary package includes an Instructor's Manual with case studies and teaching guides, a Test Bank reflective of clinical situations and patient conditions, PowerPoints covering key concepts and an Image Bank of skin conditions and other figures.

Key Features:

- Covers several key courses in the curriculum for ease of teaching/learning.
- Embraces a broad population focus addressing specific care needs of adolescents through older adults.
- Facilitates safe care coordination and reinforces best practices across various health care settings including telehealth.
- Fosters understanding of diagnosis and management of patients with multimorbid conditions.
- Incorporates evidence-based practice information and guidelines throughout to ensure optimal informed patient care.

A robust ancillary package includes an Instructor's Manual, a Test Bank, PowerPoints and an Image Bank.
