This practical resource is for use with children aged 4-8 to help build strong connections and a sense of belonging. Through the practice of mindfulness, children are encouraged to pause and fully engage with the place and moment they are in. Based on the Conceptual PlayWorld, an evidence-based model of intentional teaching developed by Professor Marilyn Fleer, this book includes a range of research-informed activities. Each chapter provides educators with a Conceptual PlayWorld to implement which will engage children in practical scenarios and problem-solving activities rooted in play. They address different aspects of belonging at home and in school settings, aiming to foster empathy, inclusion, and community in young learners. The narratives are crafted around two foundational storybooks: *Mia Belongs Here* and *School is Where We All Belong*, enhancing the connection between storytelling and experiential learning. In a world of increasing rates of loneliness, disconnection, and social isolation, opportunities to encourage a sense of belonging in children have never been more needed. This unique educational resource will help teachers, practitioners, and parents empower children to thrive academically, socially, and emotionally.
