*Fall Higher* Dean Young, 2012-12-18 Young has always stood out for his sharp humor boundless poetic energy and sheer readability If adventurous poetry can sometimes feel like a tenuous tightrope walk Young's poems feel more like zip lines The Boston Globe This book reads like a long breathless thank you for life's seemingly random jumble of beauty strangeness tenderness and joy Los Angeles Times *Fall Higher* is a major collection by one of America's most inventive and entertaining writers In this paperback release Dean Young's work contends with the challenges of love wryly cataloging mistakes deterioration and broken vows Young's humor is as sharp as ever and coupled with a vulnerability that renders *Fall Higher* his most intimate collection to date The True Apology Takes Years The true apology takes years Terrible dry eyes The tree rings grow closer and closer together but the nail is swallowed Great heaps of rubble are moved up and down the shore Finally a dance is performed to complete the forgiveness stamping out small fires the whole palladium decorated with thistles like the last twenty pages of a Victorian novel Now that your hunger is gone you're welcome to the banquet Dean Young has published twelve books of poetry including finalists for the Pulitzer Prize and Griffin Award He has received fellowships from the Guggenheim Foundation and the NEA as well as an Academy Award in Literature from the American Academy of Arts and Letters He teaches at the University of Texas and lives in Austin Texas *The Crafty Poet II: A Portable Workshop*

Diane Lockward, 2017-01-10 *The Crafty Poet II* is organized into ten sections beginning with Revising Your Process That section is followed by one on Entryways into Poems which considers how a poet might get going with a poem and how a poet might pull in a reader with humor and enticing titles There is in depth discussion of the importance of choosing the right words using syntax line breaks and spacing to advantage and enhancing the music of poems There is a meaty section on how to add complication to your poems another on how to divert or transform your poems from their original intention and another on special forms of poems In Expanding the Material three poets consider how to write poetic sequences using paintings photographs and history The final section Revision moves beyond the usual advice to get rid of adjectives as one poet offers ways to revise via sound another offers a series of expansion strategies and finally poet Dick Allen issues a warning against excessive revision All ten sections include three craft tips each provided by an experienced accomplished poet Each of these thirty craft tips is followed by a Model poem and a Prompt based on the poem Each model poem is used as a mentor expressing the underlying philosophy of the book that the best teacher of poetry is a good poem Each prompt is followed by two Sample poems which suggest the possibilities for the prompts and should provide for good discussion about what works and what doesn't Each section includes a Poet on the Poem Q A about the craft elements in one of the featured poet's poems Each section concludes with a Bonus Prompt each of which provides a stimulus on those days when you just can't get your engine started *Living Name* Mark Halliday, 2025-03-20 *Living Name* is a collection of essays on American poetry written by an expert practitioner of that art Poet and critic Mark Halliday turns his attention to the work of poets who

interest him because they create convincing voices of people dealing with the everyday Instead of trying to survey the vast variety of modern poetry Halliday considers an idiosyncratic selection of poets he finds compelling for their originality of style and exploration of human possibilities including Walt Whitman Kenneth Fearing Kenneth Koch Robert Pinsky Rachel Wetzstein Tony Hoagland Claire Bateman and Dean Young Each essay includes thorough close readings of individual poems reflecting a commitment to the idea that a poem as a work of art needs to be appreciated as a unified whole Halliday's writing is judicious and meditative but not overly scholarly or academic A long piece at the beginning of the book Poetry and the Rescue of Particulars argues that poems often attempt to reclaim the details of our usual routines from the chaotic confusion and noise of daily existence The impulse to write a poem Halliday believes often stems from the notion that representing in poetry a sliver of human life keeps it in the world as a trace of the vanishing moment is retained and endowed with some form of lasting reality Throughout Living Name Halliday enacts the allegiances that have driven his criticism for many years to listen for genuine voices in poetry to study whole poems not merely passages and to look for intelligent efforts to illuminate truths of human experience *The Last Usable Hour* Deborah Landau, 2014-06-15 Hooray for a writer who can weave presence and absence longing and loss of longing into a tapestry of language as rich honest and compelling as this Naomi Shihab Nye Landau registers the intensities of the flesh pleasure desire limitation and ultimately disappearance Mark Doty It is always nighttime in Deborah Landau's second collection a series of linked lyric sequences including insomniac epistolary love poems to an elusive someone Here is a haunted singing voice clear and spare alive with memory and desire yet hounded by premonitions of a calamitous future The speaker in this ghost book is lucid and passionate even as everything is disappearing blame the egg blame the fractured stones at the bottom of the mind blame his darkblue glare and craggy mug the bulky king of trudge and stein how I love a masculine in my parlor his grizzly shout and weight one hundred drums in this everywhere of blunt and soft sinking I am the heavy hollow snared the days are spring the days are summer the days are nothing and not dead yet Deborah Landau was educated at Stanford University Columbia University and Brown University where she was a Javits Fellow and received a PhD in English and American literature She co-hosts Open Book on Slate.com and is the Director of the NYU Creative Writing Program She lives in the Soho neighborhood of New York City King Me Roger Reeves, 2016-08-22 On the Best Poetry Books of the Year list from Library Journal A sophisticated and breathtaking writer Reeves takes the reader on a harrowing journey each poem comes packed with arresting imagery relentless in its examination of how tragedy and trauma become internalized cleaning out the wounds to understand the pain Los Angeles Review of Books Roger Reeves King Me stitches together many worlds into one startling and visceral book His ranging encyclopedic knowledge crosses history medicine biology metapoetics and more but he tackles it all with a bold and sonorous surrealist flow American Microreviews From a horse witnessing the lynching of Emmett Till to Mikhail Bulgakov chronicling the forced famines in Poland in the 1930s King Me examines the erotics of care and the place of

L. Calitz, 2018-08-06 Persistent educational economic and social inequalities perpetuate unequal participation in higher education for a significant number of students in both developing and developed contexts offering these students fewer opportunities to convert academic resources into equal participation Enhancing the Freedom to Flourish in Higher Education explores the insight that student narratives can offer to the debate surrounding the complex reasons of why some students flourish at university while others are marginalised socially and academically Proposing a new model of equal participation that draws not only on international comparisons but is also embedded in the experiences of students the book offers practical suggestions on how to enhance opportunities for equal participation Using South Africa as a case study the book tracks the experiences of eight

undergraduate students whose narratives illuminate the structural inequalities affecting participation in higher education Despite the political economic and academic factors that lead to diminished participation the book foregrounds the resources that students used to negotiate obstacles and grounds these individual narratives in broader global debates around justice widening participation and equality in higher education Enhancing the Freedom to Flourish in Higher Education brings critical social theory to the problem of unequal participation so as to challenge the invisible and implicit forms of inequality found within student narratives It will appeal to lecturers and tutors practitioners based in student affairs and policy makers as well as postgraduate students

Equity and Access to High Skills through Higher Vocational Education Elizabeth Knight, Ann-Marie Bathmaker, Gavin Moodie, Kevin Orr, Susan Webb, Leesa Wheelahan, 2022-03-08 This book explores new and distinctive forms of higher vocational education across the globe and asks how the sector is changing in response to the demands of the 21st century These new forms of education respond to two key policy concerns an emphasis on high skills as a means to achieve economic competitiveness and the promise of open access for adults hitherto excluded from higher education Examining a range of geographic contexts the editors and contributors aim to address these contexts and highlight various similarities and differences in developments They locate their analyses within the various political and socio economic contexts which can make particular reforms possible and achievable in one context and almost unthinkable in another Ultimately the book promotes a critical understanding of evolving provisions of higher vocational education refusing assumptions that policy borrowing from apparently successful countries offers a straightforward model for others to adopt
