assessment is a hot topic in school systems and educators continue to analyze its costs benefits and feasibility as a
replacement for high stakes testing Until now researchers and policymakers have had to dig to find out what we know and
what we still have to learn about performance assessment Beyond the Bubble Test How Performance Assessments Support
21st Century Learning synthesizes the latest findings in the field and not a moment too soon Statistics indicate that the
United States is in danger of falling behind if it fails to adapt to our changing world The memory and recall strategies of
traditional testing are no longer adequate to equip our students with the skills they need to excel in the global economy
Instead teachers need to engage students in deeper learning assessing their ability to use higher order skills Skills like
synthesizing information understanding evidence and critical problem solving are not achieved when we teach to multiple
choice exams Examples in Beyond the Bubble Test paint a useful picture of how schools can begin to supplement traditional
tests with something that works better This book provides new perspectives on current performance assessment research
plus an incisive look at what s possible at the local and state levels Linda Darling Hammond with a team of leading scholars
