

Study Guide Holt Physics Chapter 3—Two-dimensional Motion and Vectors

I. Section 3-1—Introduction to Vectors

A. Scalars and Vectors

1. Magnitude and Direction

- In chapter 2 we discussed velocity. Velocity has both a magnitude and a direction.
- Magnitude**: a measurement represented by a number (e.g. -12 meters/second)
- Direction**: an indication of orientation. For velocities we use a positive number for right or up and a negative number for left or down.

2. Velocity is an example of a **VECTOR**. Vectors always have both a direction and a magnitude

- Vectors are differentiated from scalars in your book by using **BOLD** type.
- Vectors are also represented by arrows. The longer the arrow the more magnitude the vector has.

3. Speed is an example of a **SCALAR**. Scalars only have a magnitude.

B. Properties of vectors

1. Vectors can be added graphically

- When adding vectors, you must make sure that they have the same units and describe similar quantities.
- The answer found by adding vectors together is called the **resultant**.

Figure 3(a)

Figure 3(b)

- Vectors can only be moved parallel to themselves in a diagram. (see fig 3.3 on p.86)

Holt Physics Chapter 8

Holt Physics Chapter 8:

Enjoying the Track of Phrase: An Psychological Symphony within **Holt Physics Chapter 8**

In a world consumed by monitors and the ceaseless chatter of quick communication, the melodic beauty and psychological symphony produced by the published term often fade into the backdrop, eclipsed by the persistent noise and disruptions that permeate our lives. Nevertheless, set within the pages of **Holt Physics Chapter 8** a stunning literary treasure brimming with natural thoughts, lies an immersive symphony waiting to be embraced. Constructed by an elegant musician of language, that charming masterpiece conducts visitors on a mental journey, well unraveling the hidden melodies and profound influence resonating within each cautiously crafted phrase. Within the depths with this poignant examination, we will explore the book is main harmonies, analyze their enthralling writing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
