

The 1978 IT175: "The dirt

In 1977, the IT175 got rave reviews from *Cycle* magazine. This year's model deserves the same kind of acclaim.

To the serious Enduro rider, this is the ultimate mid-size competition machine. At a price that seems far below what you'd expect to pay for such a completely excellent International Trials motorcycle.

Famous YZ motocross heritage is what makes this machine so at home in the rough stuff. Yamaha's exclusive De Carbon Monocross® Suspension lets the IT175 move through rugged terrain with superior control and precision. The spring tension and dampening can also be finely tuned to fit your particular riding requirements.

Long-travel, leading-arm front forks deliver the kind of handling and consistent dampening you usually only get in machines costing several hundred dollars more.

The power comes from a strong-running 2-stroke rod-valve single with new piston design and improved carburetion. The IT175 gives you plenty of torque, and lots of usable power over a broader band.

A wide-ratio 6-speed transmission means you've got the kind of gearing versatility you need for any kind of situation.

Standard equipment "extras" include plastic fuel tank and polypropylene fenders, large skid plate, spring-loaded chain tensioner, single-element foam air cleaner, off-road lighting, legal silencer/spark arrestor and a quick-change rear wheel.

All in all, you'll be hard-pressed to find a better machine in this class. At any price.

When you know how they're built, you'll buy a Yamaha.
