Unsafe Home Limor Ezioni, 2020-09-30 In *Unsafe Home: Child Harming within the Family*, Limor Ezioni focuses on the three major types of child harming within the family: abuse, incest and filicide, and provides an in-depth exploration of each type historically, legally and comparatively. In the first part, focusing on abuse executed on children, Ezioni addresses both physical and emotional abuse, discussing what constitutes child abuse, how it should be punished and whether any damage caused to a child is prosecutable by law. In the second part of the book, Ezioni examines childhood incest, focusing on adult survivors and the multitude of legal problems they face while attempting to pursue justice through the legal system and questioning whether the current legal and criminal provisions provide sufficient protection for survivors. In the final section of the book, Ezioni examines the filicide phenomenon and how the judicial system in western countries deals with the painful reality that reflects the society in which it occurs: filicide is often carried out by parents who are unable to function as a parent in circumstances dictated by the place and time in which they live. Scholars of legal studies, family studies, criminology and sociology will find this book particularly useful.

The Handbook of Community Safety: Gender and Violence Prevention Carolyn Whitzman, 2012-05-16 Violence and insecurity are among the most important issues facing communities in the 21st century. Both family violence and community violence are rapidly rising in the urbanizing nations of the South, and richer nations are also facing increased concern about the health, social, economic and environmental costs of violence and crime. *The Handbook of Community Safety: Gender and Violence Prevention* is the first book to gather together research and examples from a gendered perspective of local, regional and international interventions that work to prevent crime, violence and insecurity. Case studies of successful initiatives from every continent in settings that vary from large cities to rural areas are analysed to provide cross-cultural lessons of what works and what doesn't. The book presents essential practical advice to professionals such as how to obtain diagnostic information on incidence and impacts of violence, how to develop, maintain and evaluate policies and programmes that can effectively promote community safety and how to create trust and effectiveness in partnerships.
