MISER (VRAIMENT) SUR LA TRANSITION ÉCOLOGIQUE

Les crises économiques, financières, environnementales et politiques perdurent. Il est grand temps de prendre le chemin de la transition écologique. Comment y parvenir concrètement et quels investissements sont nécessaires ? Où en est-on ? Quels progrès, quelles tendances sur le long terme ? Quelles réponses collectives et individuelles font déjà leurs preuves en France et dans de nombreux pays ? Quels résultats peuvent être obtenus si l'on porte haut et fort un projet de société « désirable » par tous ? Ce livre aborde la transition écologique comme un défi opportun, un projet collectif et enthousiasmant, non comme une contrainte subie. Il propose de passer du vivre-ensemble au faire-ensemble.

Alain Grandjean préside le comité des experts du Débat national sur la transition énergétique et est membre du Comité stratégique de la fondation Nicolas Hulot.

Hélène Le Teno est diplômée de l'École nationale des Ponts et Chaussées et manager au sein du cabinet de conseil Carbone 4.
