One interesting aspect of our study was the presence of a significant number of individuals who had never been exposed to the disease before. This suggests that the disease may have been present in the community for some time before it was first diagnosed.

The following is a list of the names of the members of the Board of Education, the  
Superintendent, and the various school districts of the State of New Mexico, and  
the names of the members of the Board of Education, the Superintendent, and the  
various school districts of the State of Colorado.

As another "Western" movement and migration to California followed their Southern counterparts "Westward". The West Coast and Southern California developed out of the agricultural California Gold Rush. California has since been populated mainly through westward movement and movement from other countries. Many of today's citizens of California are descendants of the original settlers and immigrants who came to California during the gold rush and subsequent migrations.
