The riding portion provides hands-on experience with a motorcycle, including starting, stopping, shifting, and maneuvering. The course is designed for new riders, but experienced riders may also benefit from the instruction.

Objectives: The BRC is designed to achieve the following objectives: (1) Provide students with the knowledge and skills necessary to safely operate a motorcycle. Final Exam: The BRC includes a final exam that tests students on their knowledge of motorcycle safety, operation, and maintenance. The exam is divided into two parts: a written exam and a practical exam. The written exam covers topics such as motorcycle safety, operation, and maintenance. The practical exam tests students on their ability to safely operate a motorcycle.

Graduation: Students who successfully complete the BRC and pass the final exam will receive a Basic Rider Course Completion Certificate. This certificate is required for students to obtain a motorcycle license in many states.

Additional Information: The BRC is a free course for students who are 16 years of age or older. Students who are 18 years of age or older and have a valid driver's license may receive a discount on the course fee. The BRC is held at various locations throughout the state, and students can find a location near them by visiting the MSF website.

The MSF courses provide riders with the opportunity to learn advanced riding techniques and stay safe on the road.

MSF Mission: The MSF's mission is to promote safe motorcycle riding and reduce the number of motorcycle-related injuries and deaths.
