Social Media for Communication and Instruction in Academic Libraries
 Joe, Jennifer, Knight, Elisabeth, 2019-03-01 The subject of the use of social media has renewed interest because of the impact that it had on the last U S presidential election and the impact that social media networks will have on subsequent elections As guides in the information world it is thus important that librarians be well versed in social media This has called attention to the relevance and urgency of incorporating social media use into the academic library both as a marketing tool and as an instruction tool Social Media for Communication and Instruction in Academic Libraries is an essential reference source that

offers guidance in using social media in academic libraries and in instruction with a special emphasis on assessment and evidence based practice Featuring research on topics such as digital libraries marketing and web analytics this book is ideally designed for librarians administrators educators managers information technology specialists professionals researchers and students

Social Media Entertainment Stuart Cunningham, David Craig, 2019-02-26 Winner 2020 Outstanding Book Award given by the International Communication Association Honorable Mention 2020 Nancy Baym Book Award given by the Association of Internet Researchers How the transformation of social media platforms and user experience have redefined the entertainment industry In a little over a decade competing social media platforms including YouTube Facebook Twitter Instagram and Snapchat have given rise to a new creative industry social media entertainment Operating at the intersection of the entertainment and interactivity communication and content industries social media entertainment creators have harnessed these platforms to generate new kinds of content separate from the century long model of intellectual property control in the traditional entertainment industry Social media entertainment has expanded rapidly and the traditional entertainment industry has been forced to cede significant power and influence to content creators their fans and subscribers Digital platforms have created a natural market for embedded advertising changing the worlds of marketing and communication in their wake Combined these factors have produced new radically shifting demands on the entertainment industry posing new challenges for screen regimes media scholars industry professionals content creators and audiences alike Stuart Cunningham and David Craig chronicle the rise of social media entertainment and its impact on media consumption and production A massive industry defining study with insight from over 100 industry insiders Social Media Entertainment explores the latest transformations in the entertainment industry in this time of digital disruption

The Oxford Handbook of Language Policy and Planning James W. Tollefson, Miguel Pérez-Milans, 2018-05-07 This Handbook provides a state of the art account of research in language policy and planning LPP Through a critical examination of LPP the Handbook offers new direction for a field in theoretical and methodological turmoil as a result of the socio economic institutional and discursive processes of change taking place under the conditions of Late Modernity Late Modernity refers to the widespread processes of late capitalism leading to the selective privatization of services including education the information revolution associated with rapidly changing statuses and functions of languages the weakening of the institutions of nation states along with the strengthening of non state actors and the fragmentation of overlapping and competing identities associated with new complexities of language identity relations and new forms of multilingual language use As an academic discipline in the social sciences LPP is fraught with tensions between these processes of change and the still powerful ideological framework of modern nationalism It is an exciting and energizing time for LPP research This Handbook propels the field forward offering a dialogue between the two major historical trends in LPP associated with the processes of Modernity and Late Modernity the focus on continuity behind the institutional policies of the modern nation

state and the attention to local processes of uncertainty and instability across different settings resulting from processes of change The Handbook takes great strides toward overcoming the long standing division between top down and bottom up analysis in LPP research setting the stage for theoretical and methodological innovation Part I defines alternative theoretical and conceptual frameworks in LPP emphasizing developments since the ethnographic turn including ethnography in LPP historical discursive approaches ethics normative theorizing and transdisciplinary methods and the renewed focus on socio economic class Part II examines LPP against the background of influential ideas about language shaped by the institutions of the nation state with close attention to the social position of minority languages and specific communities facing profound language policy challenges Part III investigates the turmoil and tensions that currently characterize LPP research under conditions of Late Modernity Finally Part IV presents an integrative summary and directions for future LPP research

Regulating Digital Industries Mark MacCarthy, 2023-11-07 Regulating Digital Industries is the first book to address the tech backlash within a coherent policy framework It treats competition privacy and free speech as objectives that must be pursued in a coordinated fashion by a dedicated industry regulator It contains detailed discussions of current policy controversies involving social media companies search engines electronic commerce platforms and mobile apps It argues for new laws and regulations to promote competition privacy and free speech in tech and outlines the structure and powers of a regulatory agency able to develop implement and enforce digital rules for the twenty first century Deeply informed by the history of regulation and antitrust in the United States it brings to bear insights from the breakup of AT T and the Microsoft case and from broadcasting and financial services regulation to enrich the discussion of remedies to the failure of tech competition the massive invasion of privacy by digital firms and the information disorder perpetuated by social media platforms It offers a comprehensive summary of regulatory reform efforts in the United States and abroad and shows how accomplishing the goals of these reform efforts requires the establishment of a single digital agency with jurisdiction to reconcile and balance the complementary and conflicting goals of promoting competition protecting privacy and preserving free speech in digital industries It discusses in detail how a digital regulatory agency would be structured and the powers it would need to have It confronts head on some of the challenges in establishing a strong digital regulator including the First Amendment roadblock that limits government authority over digital speech and the judicial opposition to the expansion of the administrative state It is essential reading for policymakers public interest advocates industry representatives academic researchers and the general public interested in a coherent policy approach to today s tech industry discontents

Handbook of Research on Advancing Teaching and Teacher Education in the Context of a Virtual Age Zimmerman, Aaron Samuel, 2022-12-28 The possibilities of the virtual age can provide many valuable resources and opportunities for teachers preservice teachers and teacher educators However in order to utilize these resources responsibly and productively the researchers and practitioners of teaching and teacher education must better understand the new

potentials and pitfalls related to teaching and learning that are present within the virtual age The Handbook of Research on Advancing Teaching and Teacher Education in the Context of a Virtual Age focuses on the recent innovations in teaching and teacher educations as well as innovations in the curriculum and pedagogy of teacher education It deepens discussions related to how teacher education can address educational possibilities within this digital age Covering topics such as learning material adaptation teacher talent pipelines and metaverse this major reference work is a comprehensive resource for administrators and educators of both K 12 and higher education teacher educators pre service teachers government officials librarians researchers and academicians

Communication and Sport Michael L. Butterworth, 2021-07-19 Sport is a universal feature of global popular culture It shapes our identities affects our relationships and defines our communities It also influences our consumption habits represents our cultures and dramatizes our politics In other words sport is among the most prominent vehicles for communication available in daily life Nevertheless only recently has it begun to receive robust attention in the discipline of communication studies The handbook of Communication and Sport attends to the recent and rapid growth of scholarship in communication and media studies that features sport as a central site of inquiry The book attempts to capture a full range of methods theories and topics that have come to define the subfield of communication and sport or sports communication It does so by emphasizing four primary features First it foregrounds communication as central to the study of sport This emphasis helps to distinguish the book from collections in related disciplines such as sociology and also points readers beyond media as the primary or only context for understanding the relationship between communication and sport Thus in addition to studies of media effects mediatization media framing and more readers will also engage with studies in interpersonal intercultural organizational and rhetorical communication Second the handbook presents an array of methods theories and topics in the effort to chart a comprehensive landscape of communication and sport scholarship Thus readers will benefit from empirical interpretive and critical work and they will also see studies drawing on varied texts and sites of inquiry Third the handbook of Communication and Sport includes a broad range of scholars from around the world It is therefore neither European nor North American in its primary focus In addition the book includes contributors from commonly under represented regions in Asia Africa and South America Fourth the handbook aims to account for both historical trajectories and contemporary areas of interest In this way it covers the central topics debates and perspectives from the past and also suggests continued and emerging pathways for the future Collectively the handbook of Communication and Sport aspires to provide scholars and students in communication and media studies with the most comprehensive assessment of the field available
