Teach the course YOU want in LESS TIME. In today's fast-moving mobile environment, the GO with Office 2016 series focuses on the job skills needed to succeed in the workforce. With job-related projects that put Microsoft Office into context, students learn the how and why at the moment they need to know all in the appropriate Microsoft procedural syntax. For Office 2016, the hallmark guided practice to skill mastery pathway is better than ever. Students have many opportunities to work live in Microsoft Office to apply the skills they've learned. In addition, instructional projects are now available as grader projects in MyITLab so students can work live in Office while receiving auto-graded feedback. These high-fidelity simulations match the text and provide an effective pathway for learning, practicing, and assessing their abilities. After completing the instructional projects, students can apply their skills with a variety of progressively challenging projects that require them to solve problems, think critically, and create on their own. New GO Collaborate with Google projects allow students to apply their skills to a new environment that is already popular in many workplaces. Integrated Microsoft Office Specialist MOS objectives make GO your one resource for learning Office, gaining critical productivity skills, and prepare for MOS certification. MyITLab: MyITLab is an online homework tutorial and assessment program designed for Information Technology IT courses to engage students and improve results. HTML5 Simulation exercises and Live in Application Grader projects come with the convenience of auto-grading and instant feedback so students learn more quickly and effectively and build the critical skills needed for college and career success. Digital badges allow students to showcase their Microsoft Office or Computer Concepts competencies, keeping them motivated and focused on their future careers.
