Good Grief Book Summary:

Greek is Good Grief John D. Harvey, 2007-01-01 Designed as a textbook for teaching introductory Greek grammar and syntax **Greek Is Good Grief** uses a graded database beginning with the simpler Greek of John 1 moving to Mark 8 as an example of middle level Greek and concluding with 1 Thessalonians 1-2 as representative of Paul's style Working from that database the chapters introduce first those forms which occur most frequently Translation of the Greek New Testament itself can begin as early as Chapter 5 because translation helps are provided for those words and forms not yet encountered The practice sentences in each chapter are to the greatest degree possible based on sentences taken directly from the Greek New Testament Form identification exercises afford students the opportunity to drill on forms specific to the content of each chapter Each new grammatical concept is introduced by a discussion of English grammar and each chapter begins with a Grammar Grabber which highlights an aspect of the chapter's content by explaining how that aspect of grammar is important for understanding a portion of the Greek text of the New Testament Field tested in both face to face and distance learning course formats **Greek Is Good Grief** lays the foundation for a smooth transition to the study of Greek exegesis and exposition

Using**

the Grief Sheet to Improve Community Theatre Production Kenneth Anderson,2002 Good Grief Using the Grief Sheet to Improve Community Theatre Production was written to encourage theatre directors to take advantage of the benefits involved in a daily written critique of amateur play rehearsals In over 40 years of directing community and school productions as well as acting for other directors I have yet to meet a director who employs this technique I don t know why this is so except that it does require a large investment in time Typically the directors I have known wrote grief notes and then assembled cast and crew to convey them verbally Obviously much time is wasted following this method since everyone has to listen whether or not they are specifically involved Furthermore the published grief sheet provides the perceived need for instruction as well as a record to return to to refresh the memory in regard to the needed improvements which often are forgotten otherwise The Grief Sheet is also a team builder and the team concept is an essential quality of a successful theatre
