**A New History of War Reporting** Kevin Williams, 2019-12-23 This book takes a fresh look at the history of war reporting to understand how new technology new ways of waging war and new media conditions are changing the role and work of today's war correspondent Focussing on the mechanics of war reporting and the logistical and institutional pressures on correspondents the book further examines the role of war propaganda accreditation and news management in shaping the evolution of the specialism Previously neglected conflicts and correspondents are reclaimed and wars considered as key moments in the history of war reporting such as the Crimean War 1854-56 and the Great War 1914-18 are re-evaluated The use of objectivity as the yardstick by which to assess the performance of war correspondents is questioned The emphasis is instead placed on war as a messy business which confronts reporters and photographers with conditions that challenge the norms of professional practice References to the demise of the war correspondent have accompanied the growth of the specialism since the days of William Howard Russell the so-called father of war reporting This highlights the fragile nature of this sub-genre of journalism and emphasises that continuity as much as change characterises the work of the war correspondent A thematically organised historically rich introduction this book is ideal for students of journalism media and communication

*The Iron Curtain* Yuliya Komska, 2015-02-02 The Iron Curtain did not exist at least not as we usually imagine it Rather than a stark unbroken line dividing East and West in Cold War Europe the Iron Curtain was instead made up of distinct landscapes many in the grip of divergent historical and cultural forces for decades if not centuries This book traces a genealogy of one such landscape the woods between Czechoslovakia and West Germany to debunk our misconceptions about the iconic partition Yuliya Komska transports readers to the western edge of the Bohemian Forest one of Europe's oldest borderlands where in the 1950s civilians set out to shape the so-called prayer wall A chain of new and repurposed pilgrimage sites lookout towers and monuments the prayer wall placed two long-standing German obsessions forest and border at the heart of the century's most protracted conflict Komska illustrates how civilians used the prayer wall to engage with and contribute to the new political and religious landscape In the process she relates West Germany's quiet sylvan periphery to the tragic pitch prevalent along the Iron Curtain's better-known segments Steeped in archival research and rooted in nuanced interpretations of wide-ranging cultural artifacts from vandalized religious images and tourist snapshots to poems and travelogues *The Iron Curtain* pushes disciplinary boundaries and opens new perspectives on the study of borders and the Cold War alike

**Napoleon's Peninsular War** Paul L Dawson, 2020-12-02 A renowned historian captures the French experience of the Peninsular War

through soldiers unpublished memoirs and eyewitness accounts While much has been written about the British campaigns of the Peninsular War surprisingly little has been published in English on their opponents the French Now using previously unseen material from the French army archives in Paris Paul Dawson tells the story of the early years of the Peninsular War as never before Eyewitness accounts of the Siege of Zaragoza and the Spanish defeats at Medellin and Oca a are interspersed with details of campaign life and of struggling through the Galician mountains in pursuit of the British army Dawson captures the perspectives of ordinary French soldiers and their beliefs about the war they were fighting for their Emperor Napoleon s Peninsular War is a vital and unprecedented addition to our understanding of the war in Iberia **SOE in The Netherlands** An Official History, 2024-10-30 Until 1943 there was little effective resistance to the German occupation of The Netherlands Though numerous small opposition groups had formed immediately after the German invasion in 1940 there was no concerted movement or overarching organization Gradually though as the Germans introduced harsher measures against certain groups opposition grew particularly in the urban areas These met with very limited success due to poor security which was to plague the Dutch resistance movement in general As is made clear in this official account individuals were often members of more than one resistance group at the same time This inevitably meant that when one cell was compromised others quickly met the same fate Nevertheless in 1941 the Netherlands or N Section of the Special Operations Executive under Major Seymour Bingham started sending trained agents to The Netherlands These operatives were dropped by parachute or infiltrated into the country from France or Belgium Unfortunately poor discipline continued to hamper the resistance movement Preparation was poor security was lax and codewords were forgotten or ignored As a result fifty four of N Section s agents were captured by the Germans fifty of these were subsequently executed Despite its egregious failings SOE s N Section could count on some successes Its agents were able to coordinate the various groups and help maintain communications with the UK They also undertook valuable weapons training and gave instruction on demolition techniques The people the agents assisted in active resistance were usually ordinary Dutch citizens often working in respectable jobs under the very noses of the Germans their only precaution being the adoption of a false name while operating undercover The SOE agents themselves had to adopt the cover occupations of those professions which would not be subjected to conscription such as teachers medical personnel or police Usually they would take the identity of brave individuals who had volunteered to have their information duplicated In addition the agents would be thoroughly briefed on their adopted personas so that they could provide convincing accounts of their movements if stopped and interrogated This official account of the development and activities of SOE s Dutch Section was written by a Staff Officer prior to SOE being disbanded in 1946 It was based on information reports and documents provided by those involved in the campaign It details how SOE agents were recruited and trained in the UK and gives information on safe houses contact addresses secret telephone exchanges training premises and methods of communications in The Netherlands and externally to London In

essence it provides all the apparatus and procedures used in the establishment of the underground movement which sought to obstruct and oppose the Germans at every turn *District VIII* Adam LeBor, 2018-06-05 Life is tough for a Gypsy detective in Budapest The cops don't trust you and your fellow Gypsies even your own family shun you because you're a cop But when Balthazar Kovacs a detective in the city's murder squad gets a mysterious text he gulps down his coffee and goes to work The message has two parts a photograph and an address The photograph shows a man in his early thirties lying on his back with his eyes open half covered by a blue plastic sheet The address is 26 Republic Square the former Communist Party headquarters and once the most feared building in the country But when Kovacs arrives at Republic Square the body is gone Inspired by true events the novel takes the reader to a hidden city within Budapest and an underworld that visitors never get to see the gritty back alleys of District VIII the endemic corruption that reaches deep into government as officials plunder state coffers at will a rule of law bent to serve the interests of the rich and powerful the rising power of international organized crime gangs who use the Hungarian capital as a springboard for their European operations and a troubling look at the ghosts of Communism and Nazism that still haunt Budapest **Fractured Lives**, 2023-01-10 Fractured Lives is a memoir of one woman's experiences as a documentary filmmaker covering the wars in southern Africa during the 1980s and 1990s Part autobiography part history part social commentary and part war story it offers a female perspective on a traditionally male subject Growing up in South Africa in a politically active family Toni went to Britain as an exile in 1965 in the wake of the famous Rivonia Trial and in the years to follow became a filmmaker Despite constant difficulties fighting for funding and commissions from television broadcasters and the prejudices of working in a male dominated industry Toni made several remarkable films in Mozambique and Angola These bear witness to the silent victims of war particularly the women and children Fractured Lives paints the changing landscape of southern Africa Namibian independence and the end of the war in Mozambique bring hope but also despondency Yet there is also the possibility of redemption of building new lives for the victims of war In its final chapters Fractured Lives traces the power of survival and the opportunities for new beginnings Fractured Lives concludes with Toni's return to South Africa after nearly three decades in exile However the joy following the demise of apartheid is tempered by the poignancy of returning to a place that for so long had existed in her dreams alone and the realization that home will forever lie somewhere else Zulu Victory Ron Lock, Peter Quantrill, 2015-11-19 A densely detailed account of the 1879 Zulu defeat of the British portrays a complex and interesting segment of British African history Library Journal The battle of Isandlwana a great Zulu victory was one of the worst defeats ever to befall a British Army At noon on 22 January 1879 a British camp garrisoned by over 1700 troops was attacked and overwhelmed by 20 000 Zulu warriors The defeat of the British armed with the most modern weaponry of the day caused disbelief and outrage throughout Queen Victoria's England The obvious culprit for the blunder was Lieutenant General Lord Chelmsford the defeated commander Appearing to respond to the outcry he ordered a court of inquiry But there followed a carefully conducted cover

up in which Chelmsford found a scapegoat in the dead most notably in Colonel Anthony Durnford Using source material ranging from the Royal Windsor Archives to the oral history passed down to the present Zulu inhabitants of Isandlwana this gripping history exposes the full extent of the blunders of this famous battle and the scandal that followed It also gives full credit to the masterful tactics of the 20 000 strong Zulu force and to Ntshingwayo kaMahole for the way in which he comprehensively out generalled Chelmsford This is an illuminating account of one of the most embarrassing episodes in British military history and of a spectacular Zulu victory The authors superbly weave the excitement of the battle the British mistakes the brilliant Zulu tactics and the shameful cover up into an exhilarating and tragic tale A must for anyone interested in the Zulu War Highly recommended British Army Review

By the autumn of 1916 advances in Britain's air defense capability had all but ended the Zeppelin menace which had haunted the nation for almost two years However an emerging complacency regarding the aerial threat was immediately shattered by the introduction in 1917 of the Grosskampfflugzeug better known as the Gotha bomber Whereas Zeppelin airships had attacked individually and stealthily under the cover of darkness the German Army now had a squadron of bomber aeroplanes capable of brazenly attacking London and south east England in broad daylight thereby unleashing a new wave of terror on the British population Britain having downgraded its aerial defenses after the apparent defeat of the Zeppelins was forced to rethink The improvements instigated compelled the German raiders to change their tactics too as each side strived to gain the upper hand And all the time the German Navy Zeppelins whose campaign had not been abandoned entirely continued to strike when opportunity allowed The story of these dramatic air raids is told by incorporating numerous never before published eye witness accounts revealing a personal view of the experiences shared by those who lived through the conflict both on the ground and in the air The German air campaign against the United Kingdom in the First World War was the first sustained strategic aerial bombing campaign in history Yet it has become dwarfed by the enormity of the Blitz of the Second World War but for those caught up in the tragedy of these raids the impact was every bit as devastating In Gotha Terror Ian Castle tells the full story of the 1917 1918 raids in unprecedented detail in what is the final book in a trilogy completing the story of Britain's

Forgotten Blitz **Wellington's Light Division and the Defence of Portugal** Robert Burnham,Ron McGuigan,2024-05-30

There are many books on Wellington's campaigns during the Peninsular War. Yet very few examine the pivotal year of 1811 when he went on the offensive and forced Napoleon's armies back over 300 kilometers from the doors of Lisbon to the Spanish border. For two months he pursued the retreating French fighting skirmishes and rearguards virtually the whole way. The French finally halted at the Spanish border and turned on Wellington in early May where an epic three day battle was fought at Fuentes de Oñoro. The rest of the year Wellington defended the border while making plans to liberate Spain in 1811. Wellington's Light Division and the defense of Portugal looks at the famed Light Division as it led the pursuit of the French and was involved in almost every combat and battle fought that year. The book also explores the stalemate of January and February 1811 where the division maintained outposts overlooking French positions in the vicinity of Santarém as well as the pursuit of the French Army back to Spain in March and April when the division fought many skirmishes, combats and small battles often on its own. These include the actions at Pombal, Condeixa, Redinha, Casal Novo, Foz de Arouce, Freixada and Sabugal. May saw the Light Division in a desperate fight at Fuentes de Oñoro where for much of the battle it held the army's right flank. For the rest of the year the Light Division was in the vicinity of Ciudad Rodrigo where it occupied ground that it held for much of 1810 where it served as Wellington's advance outposts. The assumed similar positions and were engaged at Fuente Guinaldo and El Bodón. In addition to these fights the book will examine the changes in the organization of the division with the addition of new battalions and release of other units. It will also go into great detail on the problems it had with command and control with its leading officers exhausted requesting permission to return home to recuperate. Drawing on diaries, letters and memoirs the authors tell the story of the officers and men who fought in the division. Many of these sources have never been published before.
