MCQs for the Final FRCA Khaled Elfituri, Graham Arthurs, 2004-03-04 Multiple choice questions MCQs are used by many examination boards as a way of testing a broad spectrum of knowledge in an easily administered and unbiased way They form a critical part of both the Primary and Final FRCA Fellowship of the Royal College of Anaesthetists examinations Six 90 question examinations and a 30 question sample examination are presented offering 570 individual questions with detailed model answers and making this book a comprehensive self learning tool especially when used in conjunction with other key texts such as Fundamentals of Anaesthesia Short Answer Questions and MCQs in Anaesthesia and Intensive Care, 2Ed Adrian Dashfield, 2004 Following on from the success of the first edition Short Answer Questions and MCQs in Anaesthesia and Intensive Care has been completely rewritten to reflect the changes to the final FRCA exam from a long essay based examination to compulsory short answer questions SAQs This guide aims to introduce methods and systems of answering questions succinctly and accurately Almost all of the questions have been asked in the final FRCA since 1996 and most chapters carry more detail than required to reach a pass standard The new edition takes a question orientated approach and provides guidance for the final exam Given the short time allowed for answering the SAQs previous practice prior to sitting the examination is essential Each of the twelve sections has a comprehensive set of multiple choice questions MCQ to the same standard as those set by the Royal College of Anaesthetists It is vital that candidates practice MCQs as well as SAQs and the ninety multiple choice questions that follow the SAQ paper carry just as much weight as the SAQ paper The book has been structured as topic based sections and chapters each of which can be followed and used to enable self testing This book is an invaluable revision aid during preparation for the final FRCA exam and due to the breadth of content also forms a useful ready reference throughout anaesthetic training **FRCA** Craig R. Bailey, Adrian C. Pearce, Franco Moscuzza, 1999 This book contains 300 questions covering a wide range of exam related anesthesia topics and complements the new MCQ exam syllabus Each question is accompanied by a concise answer and explanation Also includes a PC disk providing readers further opportunity for self examination and review *Practice Single Best Answer Questions for the Final FRCA* Hozefa Ebrahim, 2012 Ten papers of thirty questions each cover the entire syllabus with questions pitched at the right level for the exam
