 arranging or performing The Score Society of Composers and Lyricists A myriad of practical information Comprehensive ear
 training important because aural skills are among the most overlooked in music education Survey of New Teaching Materials
 Jazz Educators journal A synthesis of the author's vast knowledge and his quest to define the question How do we hear ITG
 Journal A wonderfully systematic approach to ear training neatly designed and structured it just flows Direct and easily
 understood New books Jazz Educators Journal Bernard Brandt says Hearing and Writing Music by Ron Gorow is a superb
 book It makes a simple and elegant presentation of the internal process by which we hear sounds and music how we
 recognize intervals chords melody harmony counterpoint and the timbre of instrumentation orchestration how we can
 develop the skills of listening auditory memory and imagination and how to use these skills to hear and to write down music
 of any sort The hallmark of an expert is the ability to explain the basics of his field as simply as possible By that standard Mr
 Gorow has proven his expertise in this book I note that the other reviews both for Amazon and in musical journals tend to
 limit the importance of Hearing and Writing Music to ear training I believe that Mr Gorow's book is valuable for much more
 than ear training I have studied it and as a result of that study I believe that my auditory memory and imagination and my
 abilities in score reading have improved enormously Further I have been able to use the skills in this book to transcribe
 melodies harmonies and counterpoint almost effortlessly both those that I have heard and those which existed only in my
 imagination This book has opened many doors for me I believe that it can do so for many others *Shakin' It Up!*, 2000-04 If
