Evernote User Guide Windows:

Evernote For Dummies David E. Y. Sarna, 2012-02-28 The fun and easy guide to using Evernote for everything that's noteworthy. Voicemail, email, things to do, things to get, people you know, places you've been, places to be. Who can remember it all? You can with Evernote. Evernote is a free suite of software and services that makes it easy to remember things big and small using your computer, phone, tablet, and the web. If you can see it or think of it, Evernote can help you remember it. Type a text note. Clip a web page. Snap a photo. Grab a screenshot. Evernote makes it easy to keep track of it all, and Evernote For Dummies makes Evernote even easier. Written in the fun and informative For Dummies style, Evernote For Dummies introduces you to the key features of Evernote from getting started and opening your own Evernote account to the essentials of capturing information and creating a simple text note. The book shows you how to capture everything: clip a web page, create a voice note, scan a note, even capture a note from a picture. Author David Sarna reveals the secrets of letting Evernote help you organize all your information, including how to synchronize, import, export, and merge notes and store to-do lists, business cards, even items from Facebook and Twitter, plus find it all superfast. Evernote For Dummies makes it easy to use Evernote everyday. Explains how to download and install Evernote on all your devices, open an account, create notes, clip a web page, save a photo, grab a screenshot, even collect items from social media like Facebook and Twitter. Shares tips on organizing your information by using tags or different notebooks and on finding what you need, even printed and handwritten text inside images. Fast. Includes advice on enhancing Evernote with third-party applications, troubleshooting common problems, and more. Unless you're an elephant who never forgets, you'll want to remember Evernote For Dummies, the most useful guide to the program that remembers it for you.

A Parent's Guide to the iPad in easy steps, 3rd edition - covers iOS 7 Nick Vandome, 2014-03-31

Since its introduction in 2010 the iPad has quickly become an iconic device, a compact versatile tablet computer that packs a real punch in terms of its functionality. It is now widely used and in many ways it is ideal for children: it is user friendly, compact, powerful, and stylish into the bargain. But for a parent the idea of your child using an iPad can be a daunting one: how do you know what they are using it for, what are they looking at on the web, and how are they communicating with their friends? A Parent's Guide to the iPad in easy steps is the guide that aims to put parents' minds at ease and lets them understand the iPad while helping their child explore this exciting machine. The book looks at the functionality of the iPad so that you can understand how your child is using it and also make the most of yourself. It then covers a range of topics for which the iPad can be used: education, games, photos, music, creativity, and social networking. This third edition covers the latest operating system, iOS 7. A Parent's Guide to the iPad in easy steps will inspire parents to use their iPad to encourage more learning.
