WHEN—Questions for Catholicism Michael J. Tkacik, 2022-07-01 Jesus calls the church to be a sacrament to the world Sadly many women LGBTQ persons people of other faiths and lay persons experience suffering due to certain words and actions of the Catholic Church At times the language and practices of the church leave some people feeling as if their voices have been silenced their roles limited and their vocations impeded Some often feel underappreciated and disrespected This work explores a vision for the future church which faces these challenges and illuminates possible solutions Every person has gifts given by God for the building up of the church Through a thorough exploration of biblical and church teachings alternative views of these issues provide a path to inclusion for all This book is intended to bring comfort hope and healing to those who have been marginalized It also offers a map for the church as it journeys to be more of what Christ calls it to be In a manner faithful to the gospel reforms for the church are considered that open it to what the Spirit might be saying When is the time for all persons to be valued welcomed empowered and respected Now Prophetic and Public Kristin E. Heyer, 2006-06-02 The United States was founded on a commitment to religious tolerance Based on this commitment it has become one of the most religiously diverse and religiously observant liberal democracies in the world Inherent in this political reality is the question What is the appropriate relationship between religious beliefs and public life This is not a new question but in contemporary US politics it has become a particularly insistent one In this intelligent wide ranging book Kristin Heyer provides new and nuanced answers Prophetic and Public employs the discourse of public theology to consider what constitutes appropriate religious political engagement According to Heyer public theology connects religious faith

concepts and practices to their public relevance for the wider society Her use of public theology concepts to address the appropriate possibilities and limits for religious political engagement in the United States is both useful and enlightening Heyer approaches the relationship between public morality and religious commitment through the example of the Catholic Church She looks at two prominent Catholics Michael Baxter and Bryan Hehir as a way of discussing norms for practice of public theology Heyer also analyzes case studies of three US Catholic advocacy groups The US Conference of Catholic Bishops NETWORK and Pax Christi USA Through her analysis she shows the various ways that the organizations Catholic identity impacts their social and political efforts From her investigations come norms that define possibilities and limits for political actions based on religious conviction This deeply thoughtful book examines what is truly fundamental and inescapable about public life and private religious belief in the United States In doing so it makes skillful use of the tools of theology philosophy law and advocacy to demonstrate that the Catholic Church reveals great diversity in its public theology providing legitimate options for a faithful response to urgent political issues The Free Person and the Free Economy Anthony J.

Santelli,2002-01-01 Foundations of Economic Personalism is a series of three book length monographs each closely examining a significant dimension of the Center for Economic Personalism s unique synthesis of Christian personalism and free economic market theory In the aftermath of the momentous geo political and economic changes of the late 1980s a small group of Christian social ethicists began to converse with free market economists over the morality of market activity This interdisciplinary exchange eventually led to the founding of a new academic subdiscipline under the rubric of economic personalism These scholars attempt to integrate economic theory history and methodology with Christian personalism s stress upon human dignity humane social structures and social justice This final volume in the series systematically applies the praxeological from the first volume and theoretical from the second volume foundations of the personalist tradition to free market economic theory Unlike the previous two this work defends economic liberty in theologically sensitive terms that reference the personalist tradition without compromising the disciplinary integrity of either economics or social ethics

Mission-shaped Questions Steven Croft,2010-09-01 Mission Shaped Church launched a movement Mission Shaped Questions addresses the big theological and practical queries that movement unleashed including What exactly is church Can we develop churches that can transform culture Can we be missionshaped and kingdom focused too **Vatican II** Matthew L Lamb,Matthew Levering,2008-04-30 From 1962 to 1965 in perhaps the most important religious event of the twentieth century the Second Vatican Council met to plot a course for the future of the Roman Catholic Church After thousands of speeches resolutions and votes the Council issued sixteen official documents on topics ranging from divine revelation to relations with non Christians In many ways though the real challenges began after the council was over and Catholics began to argue over the interpretation of the documents Many analysts perceived the Council s far reaching changes as breaks with Church tradition and soon this became the dominant bias in the American and other media which lacked the theological

background to approach the documents on their own terms In *Vatican II Renewal Within Tradition* an international team of theologians offers a different reading of the documents from Vatican II The Council was indeed putting forth a vision for the future of the Church but that vision was grounded in two millennia of tradition Taken together these essays demonstrate that Vatican II's documents are a development from an established antecedent in the Roman Catholic Church Each chapter contextualizes Vatican II teachings within that rich tradition The resulting book is an indispensable and accessible companion to the Council's developments one that focuses on theology and transcends the mass media storyline of liberal versus conservative

Leaving Christendom for Good James Gerard McEvoy,2014-05-01 Leaving Christendom for Good argues that the solution to some of the most troubling tensions in the life of the Catholic Church since Vatican II can be found in the council s document Gaudium et spes This text s view of the church s mission and social relationships as dialogical has the capacity to liberate Part One studies the contemporary place of religion with particular reference to Charles Taylor s groundbreaking work A Secular Age and examines Gaudium et spes s dialogical view of the church world relationship Part Two explores what true dialogue entails and how it is best understood theologically engaging critically with Joseph Ratzinger s view of the church world relationship The book s final chapter considers two practical implications of its argument how evangelization can be best understood today and how the church can best approach issues in the public sphere

Conjugal Love and Procreation Kevin Schemenauer,2011-05-05 Dietrich von Hildebrand contributed to the Catholic tradition s increased recognition of conjugal love in marriage in the early twentieth century and as Kevin Schemenauer argues in Conjugal Love and Procreation von Hildebrand s work remains relevant to contemporary Catholic thought as well While some argue that this German Catholic philosopher and theologian neglected the role of procreation in marriage this book shows that von Hildebrand s writings on reverence and superabundant finality contribute to a contemporary understanding of the significance of procreation within marriage Schemenauer analyzes von Hildebrand s integration of conjugal love and procreation showing him to be an insightful and parallel voice to the that of John Paul II His thorough exploration of von Hildebrand s writings reveals not only how conjugal love and openness to new life are essential to marriage but also how essential the role of procreation is to the conception of conjugal love
