Neurotechnology in National Security and Defense James Giordano,2014-09-25 Neurotechnology in National Security and Defense Practical Considerations Neuroethical Concerns is the second volume in the Advances in Neurotechnology series It specifically addresses the neuroethical legal and social issues arising from the use of neurotechnology in national security and defense agendas and applications Of particular concern are the use of various neurotechnologies in military and intelligence operations training acquisition of neurobiological and cognitive data for intelligence and security military medical operations warfighter performance augmentation and weaponization of neuroscience and neurotechnology The contributors discuss the neuroethical questions and problems that these applications generate as well as potential solutions that may be required and developed The book examines how developments in neurotechnology in national security and defense agendas are impacted by and affect ethical values and constructs legal considerations and overall conduct of the social sphere Presenting an integrative perspective leading international experts lay the scientific groundwork and establish the premises necessary to appreciate the ethical aspects of neurotechnology in national security and defense It is not a question of if neurotechnology will be used in such ways but when how and to what extent Therefore it is imperative to foster a deeper understanding of neurotechnology the problems and debates arising from its use in national security and defense and how such issues can and should be addressed In doing so we can guide and govern the use of these innovative neurotechnologies in ways that uphold ethical accountability

The Pleasant Nights Giovanni Francesco Straparola,2012-01-01 This full critical edition of The Pleasant Nights presents these stories in English for the first time in over a century The text takes its inspiration from the celebrated Waters translation which is entirely revised here to render it both more faithful to the original and more sparkishly idiomatic than ever before The stories are accompanied by a rich sampling of illustrations including originals from nineteenth century English and French versions of the text

Star Wars after Lucas Dan Golding,2019-04-26 Politics craft and cultural nostalgia in the remaking of Star Wars for a new age A long time ago in a galaxy far far away way back in the twenty first century's first decade Star Wars seemed finished Then in 2012 George Lucas shocked the entertainment world by selling the franchise along with Lucasfilm to Disney

This is the story of how over the next five years Star Wars went from near certain extinction to what Wired magazine would call the forever franchise with more films in the works than its first four decades had produced Focusing on The Force Awakens 2015 Rogue One 2016 The Last Jedi 2017 and the television series Rebels 2014 18 Dan Golding explores the significance of pop culture nostalgia in overcoming the skepticism if not downright hostility that greeted the Star Wars relaunch At the same time he shows how Disney even as it tapped a backward looking obsession was nonetheless creating genuinely new and contemporary entries in the Star Wars universe A host of cultural factors and forces propelled the Disney engineered Star Wars renaissance and all figure in Golding s deeply informed analysis from John Williams s music in The Force Awakens to Peter Cushing s CGI face in Rogue One to Carrie Fisher s passing to the rapidly changing audience demographic Star Wars after Lucas delves into the various responses and political uses of the new Star Wars in a wider context as in reaction videos on YouTube and hate filled misogynistic online rants In its granular textual readings broad cultural scope and insights into the complexities of the multimedia galaxy this book is as entertaining as it is enlightening an apt reflection of the enduring power of the Star Wars franchise All Music Guide to Rock Vladimir Bogdanov,Chris Woodstra,Stephen Thomas Erlewine,2002-04 This fun to read easy to use reference has been completely updated expanded and revised with reviews of over 12 000 great albums by over 2 000 artists and groups in all rock genres 50 charts **The Avengers in Video Games** Blair Farrell,2021-04-02 For decades Marvel Comics superhero group the Avengers have captured the imagination of millions whether in comics multi billion dollar grossing films or video games Similar to the chronology of the Marvel Cinematic Universe the Avengers video games first started with titles driven by single characters like Iron Man the Hulk Thor and Captain America Over time the games grew to include more and more heroes culminating in playing experiences that featured the Avengers assembled This is the first ever book assessing the video games starring Earth s Mightiest Heroes Featured games span consoles and platforms from popular PlayStation and Xbox titles to an arcade game in danger of being lost to time All video games are covered in depth with each entry including game background and a detailed review from the author Some game entries also include behind the scenes knowledge from the developers themselves providing exclusive details on the Marvel video game universe **Black Widow Underestimated and Hypersexualized** Paul Lee Thomas II,2025-06-12 Superhero Black Widow Natasha Romanov has endured more than 60 years in the Marvel Universe before becoming a prominent character in the Marvel Cinematic Universe with the Avengers however this volume examines how this woman character has mostly been underestimated and hypersexualized The overview and analysis explore the contradiction between Black Widow s enduring popularity and the limited commitment to her solo series and character development in print This discussion centers Black Widow as a representation of the inadequate care and commitment given to women characters in mainstream superhero comics **HCI International 2024 - Late Breaking Papers** Masaaki Kurosu,Ayako Hashizume,Hirohiko Mori,Yumi Asahi,Dylan D.
