Odyssey Greg Patent, 2007 In this book I'm embarking on a different path focusing on finding recipes that preserve the tastes and memories of a long departed place

HomeBaking Jeffrey Alford, Naomi Duguid, 2016-10-21 Home baking may be a humble art but its roots are deeply planted On an island in Sweden a grandmother teaches her granddaughter how to make slagbrot a velvety rye bread just as she was taught to make it by her grandmother many years before In Portugal village women meet once each week to bake at a community oven while the large stone oven heats up children come running for sweet sugary flatbreads made specially for them In Toronto Naomi makes her grandmother's recipe for treacle tart and Jeffrey makes the truck stop cinnamon buns he and his father loved From savory pies to sweet buns from crusty loaves to birthday cake from old world apple pie to peanut cookies to custard tarts these recipes capture the age old rhythm of turning simple ingredients into something wonderful to eat HomeBaking rekindles the simple pleasure of working with your hands to feed your family And it ratchets down the competitive demands we place on ourselves as home cooks Because in striving for professional results we lose touch with the pleasures of the process with the homey and imperfect with the satisfaction of knowing that you can as a matter of course prepare something lovely and delicious and always have a full cookie jar or some homemade cake on hand to offer Jeffrey Alford and Naomi Duguid collected the recipes in HomeBaking at their source from farmhouse kitchens in northern France to bazaars in Fez They traveled tens of thousands of miles to six continents in search of everyday gems such as Taipei Coconut Buns Welsh Cakes Moroccan Biscotti and Tibetan Overnight Skillet Breads They tasted interpreted photographed and captured not just the recipes but the people who made them as well Then they took these spot on flavors of far away and put them side by side with cherished recipes from friends and family closer to home The result is a collection of treasures cherry strudel from Hungary stollen from Germany bread pudding from Vietnam anise crackers from Barcelona More than two hundred recipes that resonate with the joys and flavors of everyday baking at home and around the world Inexperienced home bakers can confidently pass through the kitchen doors armed with Naomi and Jeffrey's calming and easy to follow recipes A relaxed easy handed approach to baking is they insist as much a part of home baking traditions as are the recipes themselves In fact it's often the last minute recipes semolina crackers a free form fruit galette or a banana coconut loaf that offer the most unexpected delights Although many of the sweets and savories included here are the products of age old oral traditions the recipes themselves have been carefully developed and tested designed for the home baker in a home kitchen Like the authors previous books HomeBaking offers a glorious combination of travel and great tastes with recipes rich in anecdote insightful photographs and an inviting text that explores the diverse baking traditions of the people who share our world This is a book to have in the kitchen and then again by your bed at night to revisit over and over

America's Favorite Recipes the Melting Pot Cuisine Uma Aggarwal, 2016-11-10 America is called a melting pot of all cultures As the immigration of different cultures continues to flood this land of opportunity a revolution is taking place in the fusion of their cultures and cuisines This transformation has been very prominent in the last 50 years and it is clearly visible in the emerging American cuisine Practically this cuisine has fused to become a spectacular global cuisine In my book I am not only giving the recipes that we love so dearly but also tried to emphasize the history and origin of these recipes and describe the use of healthful ingredients and spices to prolong your life We have to watch what we eat I am trying to bring this point to the attention of the reader that according to ancient Indian treatises and modern scientific research it is established that the use of spices is not only for taste but it is for their hidden meaning They have anti-carcinogenic properties and their use is very important to maintain a good healthy lifestyle

Americans are heavily ridden with obesity heart diseases diabetes breast cancer and many other diseases Being an American East Indian pioneer with my east Indian wisdom of Ayurvedas my idea is to make these exotic recipes as healthy as possible by using these spices I have also tried to capture and write the history and origin of these recipes My basic point of view is that to make the food delicious use fresh ingredients herbs and spices and do not try to over load them with various cheeses creams sugars and lards to make them delicious You are what you eat Most of these foreign recipes have historical dimensions and origin They have now shaped themselves gradually to suit the American pallet and have become an integral part of American cuisine We can make them equally delicious by wisely using healthful ingredients In order to make these books interesting and enjoyable they are written with easy step by step instructions I am hopeful that these books Americas Favorite Recipes Part I Part II and Part III will soon become your favorite coffee table books as well as your recipe books

The Complete Cook's Country TV Show Cookbook 10th Anniversary Edition

America's Test Kitchen,2017 Recipes from all ten seasons of the TV show Cook s country are captured into one colorful volume to teach you foolproof methods for making great American meals *God's Illusion Machine* Mayesvara dasa,2013-12 In the tidal wave of intellectual argument that followed the 2006 release of Richard Dawkins s *God Delusion* book a fierce debate has raged between atheism and religion over the existence of God leaving the world s scientists and laymen largely undecided in their opinion *God s Illusion Machine* presents a fascinating alternative to a debate that has largely been argued within the framework of Christian versus science concepts Drawing upon the world s oldest body of knowledge the Vedas the author describes the massive illusion to which we are all subjected as we mistakenly believe ourselves to be physical creations of the material world In *God s Illusion Machine* the material world is gradually exposed as the ultimate virtual reality machine for wayward souls who prefer a self centred rather than a God centred existence In contrast to Richard Dawkins s assertion that the religious are suffering a delusion for believing in God the author argues that both the atheists and the religious are under the spell of God s deluding energy called *M y* which acts in reciprocation with a soul s desire to be in illusion within the physical realm By applying the profound spiritual insights of Vedic knowledge along with a healthy dose of common sense and good humour *God s Illusion Machine* is an enthralling expos of the deceptive nature of the material world and the false claims of materialists regarding the nature of life and love It is a triumph of spirituality over both atheistic materialism and religious dogmatism *God s Illusion Machine* is a work of major importance realigning Western religion philosophy and science with eternal spiritual truths an enlightening read for both the atheist and the religious bringing spiritual certainty and true love to bewildered souls in troubled times For atheists who like a good argument for the religious who are stuck for a reply to Richard Dawkins for fans of fantasy and sci fi where forces of light and illusion contend in battle and for you the reader whatever your disposition this book will forever change your outlook on
