 and Development* Daniel Rodriguez,2024-02-13 This book introduces readers to Psychoadaptation a general model of change  
 that stresses the importance of experiencing disequilibrium in the development of a healthy Self and applies it to a range of  
 examples across the academic sport and health domains Built upon his studies of human development and learning Daniel  
 Rodriguez offers an overview of a model of change with a specific focus on the development of Self and conceptions of Self  
 The author begins by focusing on academic topics such as conducting research teaching and being a student before  
 highlighting examples from sport and health With a clear and engaging tone each chapter highlights how the theory behind  
 Psychoadaptation can be applied across a variety of contexts and in the modern world The result is a solid balance of  
 scientific theory and practical application that readers can relate to their own circumstances and research Offering a unique  
 conceptualization to development learning and behavior change this is a useful resource for students and scholars within
