COMMON ENTRANCE (CE) 13+ SUBJECT GUIDE FOR FAMILIES: SCIENCE

CE 13+ exams are taken by pupils at the end of their entrance application to senior independent schools for entry into Year 9. Pupils in one of the following year groups are invited to CE 13+ exams, being well-trusted and capable.

This guide provides an explanation of the CE 13+ Science exam structure, and knowledge and skills you will encounter, and what you should expect. It also contains tips and advice for successful exam preparation, as well as information on how to contact the exam board for further support and advice.

COMMON ENTRANCE (CE) 13+ SCIENCE EXAMINATION

The CE 13+ Science exam is designed to assess pupils' ability to:

- Recall factual information and demonstrate their knowledge and understanding
- Apply their knowledge to familiar and new contexts, including problem-solving and application
- Recognise the wider importance of their knowledge and understanding to science and to society

The exam will contain questions about practical techniques and scientific processes, assessing whether the pupils can:

- Recall information and demonstrate their understanding of scientific processes
- Analyse, interpret, explain and evaluate a scientific method
- Complete a results table and draw conclusions from the results

A maximum of 20% of the marks in each paper will be based on a Thinking and Writing as a Scientist section of the CE 13+ Science qualification. This will encourage pupils to think about the importance of evidence in making conclusions, considering the reliability and validity of data, and identifying problems in experimental design.

The exam papers will use a variety of 'question types' which indicate the type of response to expect from the pupils at the exam.

COMMON ENTRANCE (CE) 13+ SCIENCE EXAMINATION

The CE 13+ Science exam can be taken at either Pre-13+ or 13+ level. The Pre-13+ exam contains slightly more accessible questions in comparison to 13+. Pupils should ensure they fully understand the exam after discussing it with prospective senior schools and ensuring they meet the entry requirements.
