Lifestyle,2016-01-26 Interracial Romance BWWM Danielle Thompson was tired of her everyday life Her work as a building designer was mundane and largely thankless and she was tired of the loneliness she felt every time she went to bed at night She had a boyfriend before her life went downhill one that she thought she might spend the rest of her life with but he burned her and left her to pick up the pieces Scorned by love she had all but given up on ever finding someone that she could love and trust again Frustrated with the way that her friend was stuck in such a rut Danielle s best friend Monica convinces her to go to a new club that opened up in town Club 101 to get out and have some fun for a change Though she didn t necessarily want to go anywhere at first and would rather curl up with a bottle of wine and sleep off her migraine she agreed Once they doll themselves up and take their cab to the club they find the place to be a rather swinging place where all of the most hip and fashionable people go to And it s there that she met one mister Travon Batista a local billionaire that runs his own medical company that sells prescription medication She managed to catch his eye and he offered to buy her a drink She accepts deciding that it was high time that she lived a little and let loose So they relax around one another and talk over drinks The two hit it off and it isn t long before her heart whispers to her that it might not be so bad if she were to feel something for someone again They spend one wild night together and promise to see each other again when he comes back from his business trip In the two weeks that she is waiting for him to come back she begins to experience a sudden illness and strangely had cravings for certain food and drink Baffled at her sudden turn of health she went to the doctor fearing that she might be pregnant but baffled as to how that could be when she was on birth control After a few tests the doctor confirmed her fears she was pregnant and Travon was the father of the child She hadn t slept with any other men in months so there was no doubt as to who the father of the child was thankfully but she was hardly comforted by the knowledge of that Because with this new information about her current condition came a new fear of how to tell Travon that he was going to be the father of her child after only spending one night together As the time ticks down until their next meeting Danielle finds that she doesn t know how to tell him that he s going to be a dad and is even more at a loss as to how to even find the courage to say what she knows that she needs to say She fears that he won t want to have any part in the child s life because of the way that the baby was conceived or worse would deny the child was his outright and refuse to take a DNA test to determine whether he was or not leaving her with a baby that had no father Will Travon give up his partying ways and settle
