Integrating Business Management Processes Titus De Silva, 2020-08-18. Integrating Business Management Processes Volume 3: Harmonising Quality, Food Safety, and Environmental Processes. 978 0 367 48547 4. Shelving Guide.

Business Management: The backbone of any organisation is its management system. It must reflect the needs of the organisation and the requirements of its customers. Compliance with legal requirements and ethical environmental practices contributes towards the sustainability of the management system. Whatever the state of maturity of the management, this book, one of three, provides useful guidance to design, implement, maintain, and improve its effectiveness and is intended to provide readers with practical how-to methods for integrating quality, safety, and environmental management processes. This volume sets out procedures and flowcharts to show how the integration of these processes can be achieved. Separated into management procedures, core procedures, support procedures, and assurance procedures, and complemented by practical examples, this book is an invaluable resource for complete systems development and integration. This book, along with its two companion volumes, is a practical guide for real managers designed to help them manage their business more effectively and gain competitive advantage.

Titus De Silva is a consultant in management skills development, pharmacy practice, quality management, and food safety, and an advisor to the newly established National Medicines Regulatory Authority (NMRA) in Sri Lanka.
