A smart meter that paves the way for the smart grid

There is a lot of hype in the market today around the smart grid and the way it affects utilities. With extensive experience in smart meter deployment and long-standing collaboration with utilities, Itron introduces a new generation modular smart meter that will help utilities invest with confidence in smart metering infrastructure – the enabling technology for the smart grid.

A TRULY INTEROPERABLE, MODULAR AND SECURE SMART METER

Moving towards the smart grid obviously imposes major capital and operational investments for utilities. In a constant changing market, the speed of technological advances is a crucial challenge for utilities, given the scale of the investment needed.
