Occupational Health Nursing Katie Oakley,2008-04-15 Occupational Health is the promotion and maintenance of the highest degree of physical mental and social well being of workers in all occupations by preventing departures from health controlling risks and the adaptation of work to people and people to their jobs Occupational Health Nursing has now become a major reference text on occupational health nursing courses It is the only book on the market written entirely by occupational health nurses for nurses This 3rd edition brings the book up to date with new legislation guidance and developments This book can be used for quick reference purposes or as a resource for more detailed research and projects Each chapter stands alone and authors have been chosen for their particular expertise in the topic

Occupational Health & Safety Solutions Ian Bollans,David Preece,2024-05-31 Health and safety legislation places significant responsibilities on employers and managers to protect the health and safety of their workers but the subject area is seen as both complex and technical in nature often requiring the input of professionals This book dispels these myths by taking a unique approach allowing somebody with little or no knowledge of the subject to understand their legal duties and then take a practical step by step approach to control workplace risks and prevent accidents Occupational Health Safety Solutions Practical Compliance is a reworking and updating of Jordan Publishing s Health and Safety Management published by LexisNexis from 1997 to 2023 The book takes a comprehensive approach by covering the main subject areas of occupational health and safety and is relevant to all types of workplaces It provides enough background knowledge for the reader to understand what the law requires and what needs to be done to achieve compliance with the main emphasis being on practical application Providing the reader with the ability to manage health and safety through a process of flowcharts diagrams and extensive checklists the book draws on the expertise of the authors and current best practice within industry Each chapter sets out a clear practical approach to identifying and managing risks thereby enabling a robust and successful health and safety management system to be established in any workplace The book is written for non safety professionals such as managers and directors who want to discharge and manage their health and safety responsibilities in their workplace without the need to engage a consultant It will also appeal to the safety professional by providing an authoritative guide to current best practice together with the practicalities of managing health and safety risks

Agency at Work Michael Goller,Susanna Paloniemi,2017-09-06 The present book collects integrates and discusses the range of perspectives and discourses on agency at work In addition the book compiles the empirical research that has been generated by various perspectives The chapters deal with the relationship between a agency at work and b professional learning and development They encompass a wide variety of working life domains and or contexts and are based on a broad range of epistemological and theoretical standpoints This volume is not only thought to bring together current research but also to foster the

contemporary discourse on workplace agency a few steps further Although the book strongly focuses on research originating in the field of workplace learning its contents may be of interest to researchers from other scientific domains such as socio cognitive and development psychology organisational behaviour leadership economics life course research and philosophy

Dignity & Inclusion Jeanne Carlin,Amanda Allard,Jan Delamore,2015-02-21 This publication will help all service providers to ensure that disabled children and young people with additional support needs can access services and lead a life as part of their local community focusing on children who require clinical procedures children who require moving and handling and children who need intimate care as part of their personal support Drawing on and including examples of good practice from across the country Making it work for children with complex health care needs illustrates the ways in which all agencies can work together to develop local policies and procedures to ensure that the needs of this group of children are met in a coordinated and child centred way Making it work for children with complex health care needs is one of two companion publications detailing good practice in both inclusive and specialist settings across education health social care and leisure
