Most people fail the exam because they don't know what to study in order to pass. There is so much information out there about the GED exam that it can feel overwhelming at first. Due to this confusion, people pay hundreds of dollars in testing fees and waste countless years of their lives attempting to pass this exam.

We don't want you to end up this way. Imagine just for a minute what it would be like to figure it all out, to wave a magic wand and all of the sudden turn a corner so that you're keeping up instead of falling behind, understanding what's going on instead of having anxiety because you're so confused and walking into the room to take your GED exam feeling cool, calm and collected instead of sleep deprived and nervous. Do you like the sound of that? If you said YES to that question then you are in luck because our full-time job is literally to help you do just that. Here at UGO Prep we specialize in studying exam behaviors to a science. We've spent years evaluating the methods of the GED exam in order to create our study guide. When we released our GED guide to the public we noticed a big improvement in the confidence level of people who used our material to prepare for their exam. We also noticed an increase in the pass rate of people who used our study guide when compared to people who used other guides. Most companies would stop there BUT WE DIDN'T. We started on the long process of pouring over data to find out where our study guide fell short and where we can improve. We refined our study guide to target those weak areas that most people struggle with every year on the exam. Shortly after we tested our study guide from beginning to end using people who wanted to pass their GED exam. Men and women. Both young and old. Time and time again people who used our study successfully passed their exam. Our 1st priority here at UGO Prep is to help you pass your GED exam quickly and effortlessly.
