The data have been made publicly available from the original data of published papers exclusively on ethics in general. I have carried out this analysis in a general, data-driven manner using techniques of data-mining, which is a subset of machine learning. I have not used any prior knowledge of what a relevant predictor will be, and this is an ethical statement. The fact that you have been selected to receive a notification of this article

Warning: Always use caution with any tool or equipment, especially the one you are not familiar with. Read the instructions carefully before using the tool or equipment.

NOTE: The approach for each event involved a single call for bids for a fixed fee design service, payment for the fee was made upon completion of a written agreement between the owner and architect. The approach for the design of a particular specialty structure, such as a retail building or a shopping mall, was a negotiated contract. The approach for other, less well-defined building types, such as the addition of retail space to an existing building, was a fixed fee design service. In some cases, there was a general fee for the entire design of a particular building. The approach for some building additions to a retail building, such as a new wing to a shopping or parking lot, was a fixed fee design service. The approach for some building additions to a retail building, such as a new wing to a shopping or parking lot, was a fixed fee design service.

- Answer:** a. correct by using `var`
 because the variable before the opening curly brace
 cannot be updated in a public access method but the field the access is allowed
 because the field is a non-static field. It belongs to the class.
