**Book of Mormon Seminary Home-Study Guide** The Church of Jesus Christ of Latter-day Saints, 2013-10-22 The home study seminary program is designed to help you strengthen your understanding of the gospel of Jesus Christ and apply its teachings in your daily life through a study of the scriptures. For your study this school year, you will first complete reading assignments from the scripture text for this course, the Book of Mormon, and then you will complete the individual lessons. Once a week, you will meet with a seminary teacher to submit your work and participate in a weekly lesson. Seminary is a daily religious education program. Prayerfully studying your scriptures should be a daily practice. You will need to work on your seminary assignments each school day, even though you will not attend a seminary class each day. There are 32 units to be completed during the course. The reading chart on page viii shows what you should study for each unit. Your teacher will help you understand when each unit is due. The lessons in this study guide should each take about 30 minutes to complete, in addition to your daily scripture study. You should have two scripture study journals or two notebooks separate from your personal journal in which you will write the assignments from the study guide activities. Each week that you meet with your teacher, you should turn in the scripture study journal containing the completed assignments from the study guide activities you completed for that week. Your teacher will read and respond to the assignments and return that scripture study journal to you the following week. You could also write your responses on paper in a loose leaf binder and turn in the pages you did that week. Then, when your teacher returns the pages, you could put them back into the notebook.

The Books of Enoch R. H. Charles, 2024-04-09 A collection of three key lost books of the Bible offering insight into the origins of early Christianity. In the early days of the Christian faith, there were many writings, only some of which became part of the canonical Bible. But what of the other books known as apocryphal texts, which of those are worth reading? One of the most influential and well-known of these apocryphal texts is The Books of Enoch, a collection of three ancient Hebrew texts that contain teachings about angels, demons, the great flood, as well as mystical prophecies. This collection also includes two other important apocryphal books. The Book of Jasher, meaning upright or righteous, describes the

world's creation up until Moses' death and is referenced throughout the Hebrew Bible. The Book of Jubilees is an ancient Jewish religious text that offers a retelling of the books of Genesis and Exodus. Compiled together for modern readers, these three apocryphal texts offer insight into the origins of early Christianity. Readers will discover new details, narratives, and perspectives that will interest and even challenge modern readers. Together, these books provide a historical framework for readers interested in expanding their knowledge of biblical heritage.
