COMMON ENTRANCE (CE) 13+ SUBJECT GUIDE FOR FAMILIES: SCIENCE

CE 13+ exams are taken by pupils at the end of their entrance applications to senior independent schools for entry into Year 9. Pupils in one of the following entry cohorts are entered to CE 13+ exams, being well-trusted and ready.

This guide provides an explanation of the CE 13+ Science exam structure, and knowledge and skills you will encounter, and what you should expect. It also contains tips and advice for successful exam preparation, and a list of further support to help your child throughout their entrance journey with us.

COMMON ENTRANCE (CE) 13+ SCIENCE EXAM STRUCTURE

The CE 13+ Science exam is designed to assess pupils' ability to:

- Recall factual information and demonstrate their knowledge and understanding
- Apply their knowledge to familiar and new contexts, including processes and applications
- Recognise the wider importance of their knowledge and understanding to science and to society

The exam will contain questions about practical techniques and scientific processes, assessing whether the pupils can:

- Recall descriptions and measurements with appropriate precision
- Analyse, interpret, explain and evaluate a scientific method
- Complete a results table and draw conclusions from the results

A maximum of 20% of the marks in each paper will be based on a 'Thinking and Working as a Scientist' section of the CE 13+ Science qualification. This will encourage pupils to think about evaluating different pieces of evidence to make evidence-based conclusions on the validity and value of a hypothesis and identifying problems in experimental design.

The exam papers will also contain a section of 'open-ended questions' which require the type of response to questions that is often required in the classroom.

COMMON ENTRANCE (CE) 13+ SCIENCE

The CE 13+ Science exam can be taken at either **Preparation or Foundation** level. The Foundation exam being slightly more accessible, questions in comparison to those that pupils would expect to find in the exam after discussing it with prospective senior schools and preparing their entry entry.
