 Mahboob Illahi,2018-10-02 The book highlights the fact that Islam does not encourage or incite intolerance of other faiths
 and that it values sanctity of human life regardless of religious affiliation and abhors violence and extremism as being
 perpetrated by the misguided muslim jihadists of al Qaeda ISIS and their associated terrorist groups that have been
 wreaking atrocities on defenseless civilian populations of Muslim majority countries including women and children The book
 describes the inception support and unlimited funding of these groups by the Sunni Arab countries and implores the Funders
 to discontinue their support forthwith to restore peace and stability to the marginalized communities particularly the Shia
 Muslims of the world who have been subjected to persecution for centuries ever since the advent of Islam in the seventh
 century following the death of the Prophet of Islam in 623 The book also implores the World powers to end their tacit support
 of terrorism by seriously confronting the supporters of terrorist groups without which the terrorism will not end **Islam**
Unveiled Robert Spencer,2003-11-25 In *Islam Unveiled* Robert Spencer dares to face the hard questions about what the
 Islamic religion actually teaches and the potentially ominous implications of those teachings for the future of both the Muslim
 world and the West Going beyond the shallow distinction between a true peaceful Islam and the hijacked Islam of terrorist
 groups Spencer probes the Koran and Islamic traditions as well as the history and present day situation of the Muslim world
 as part of his inquiry into why the world s fastest growing faith tends to arouse fanaticism *Islam Unveiled* evaluates the
 relationship between Islamic fundamentalism and mainstream Islam the fixation with violence and jihad the reasons for
 Muslims disturbing treatment of women and devastating effects of Muslim polygamy and Islamic divorce laws Spencer
 explores other daunting questions why the human rights record of Islamic countries is so unrelievedly grim and how the root
 causes of this record exist in basic Muslim beliefs why science and high culture died out in the Muslim world and why this is
 a root cause of modern Muslim resentment He evaluates what Muslims learn from the life of Muhammad the man that Islam

hails as the supreme model of human behavior Above all this provocative work grapples with the question that most preoccupies us today can Islam create successful secularized societies that will coexist peacefully with the West s multicultural mosaic *Culture and Conflict in Global Perspective* Bertelsmann Stiftung,2010-07-30 Has Samuel Huntington s proposed clash of civilizations actually happened in the post 1945 era Events such as 9 11 2001 or the crisis due to caricatures of Mohammed might suggest it has The topic of culture and conflict has been the subject of fierce debate among scholars and the public alike over the last two decades The Bertelsmann Stiftung which has been committed to promoting international cultural dialogue for many years now is publishing *Culture and Conflict in Global Perspective* a theoretically informed definition of cultural conflicts and a world wide mapping of such conflicts between 1945 and 2007 The publication is based on an empirical study that explores in what conflicts cultural factors played a role and to what extent they influenced the intensity of violence in the respective conflicts The study and the explanations derived from it form an important instrument to foster cultural dialogue for peaceful coexistence in a globalized world **Islamic Book Review Index** ,1992
