struggle with both humanity's cruelty and its capacity for love and mercy. Spanning nearly a century through secrets and mysteries, trials and sacrifice, this beautiful and haunting novel follows the lives of the Esposito family and the other islanders who live and love on Castellamare: a cruel count and his bewitching wife, a priest who loves scandal, a prisoner of war turned poet, an outcast girl who becomes a pillar of strength, a wounded English soldier who emerges from the sea. The people of Castellamare are transformed by two world wars and a great recession by the threat of fascism and their deep bonds of passion and friendship and by bitter rivalries and the power of forgiveness. Catherine Banner has written an enthralling character-rich novel, epic in scope but intimate in feeling. At times the island itself seems alive, a mythical place where the earth heaves with stories, and this magical novel takes you there. Praise for *The House at the Edge of Night*: A gorgeous sweeping story set over four generations calls to mind Captain Corelli's Mandolin and *Beautiful Ruins*. Interview: Like pictures of a childhood summer or a half-forgotten smell, this book is sweet and heady with nostalgia and comforting as a quilt. NPR Rich and immersive, this book will take you away. Vox A masterful piece of storytelling infused with the miraculous both in stories and in everyday life while maintaining the difficult balance between the explainable versus the inexplicable, captivating and beautifully rendered. Sara Gruen, author of *At the Water's Edge*. *Flying, Fighting and Reflection* Peter Jacobs, 2018-09-30 This is the thrilling account of the last remaining Battle of Britain ace fighter pilot Tom Ginger Neil. Neil was one of an elite band nicknamed The Few by Winston Churchill; he flew Hurricanes during 141 combat missions in that battle and went on to command the first Spitfire XII squadron during 1942-43 as the RAF went on the offensive in north-west Europe. In this, the only full account of Neil's life to be published in collaboration with his family, we learn how he became a poster boy for the war effort and how he credits his sixth sense for keeping him alive during the Second World War. There was, however, one terrifyingly close brush with death when in 1940 he had a mid-air collision with another Hurricane. With the rear section of his aircraft gone, the plane was out of control and hurtling to the ground, yet somehow he managed to bail out and miraculously survived with only a minor leg injury. As well as RAF service during the Siege of Malta, Wing Commander Neil, who is now in his late nineties, also served with the Americans during the D-Day landings. During his career, Neil was awarded two Distinguished Flying Crosses for the destruction of at least fourteen enemy aircraft and was a successful test pilot after the war, before commanding a jet fighter reconnaissance squadron in Egypt's troubled Canal Zone during the 1950s for which he was awarded the Air Force Cross. With contributions from the man himself, this book also looks at his life after the RAF and his career as a successful author. For military buffs and novices alike, it is a must-read account of a true war hero. **Never Surrender** Mark Felton, 2013-06-30 While there have been many fine books covering the appalling experiences and great courage of the many thousands of POWs captured by the victorious Japanese during late 1941 and early 1942, escape accounts are much rarer. This is due in large part to the fact that only a comparatively small number of brave souls attempted to escape to freedom rather than suffer brutality, starvation, and very possibly death as POWs. However

as Never Surrender vividly describes there were a significant number who took this desperate course Escapers faced challenges far more daunting than those in German hands They were Westerners in an alien hostile environment the terrain and climate were extreme disease was rife their physical condition was weak there was every chance of starvation and betrayal and if captured they faced at best the harshest punishment and at worst execution The author draws on escape attempts from Hong Kong Thailand the Philippines Borneo and China by officers and men of the British Commonwealth and US armed forces As this superbly researched and uplifting book reveals few escapers found freedom but all are inspiring examples of outstanding and indeed desperate courage The stories told within these pages demonstrate the best and worst of human spirit
