Israel Le Nouvel Apartheid:

Israelis and Palestinians in the Shadows of the Wall Stéphanie Latte Abdallah, Cédric Parizot, 2016-03-09 Shedding light on the recent mutations of the Israeli separation policy whose institutional and spatial configurations are increasingly complex this book argues that this policy has actually reinforced the interconnectedness of Israelis and Palestinian lives and their spaces Instead of focusing on the over mediated separation wall this book deals with what it hides its shadows Based on fieldwork studies carried out by French Italian Israeli Palestinian and Swiss researchers on the many sides of the Israeli Palestinian divide it highlights a new geography of occupation specific forms of interconnectedness and power relations between Israeli and Palestinian spaces It offers a better understanding of the transformation of people's interactions their experiences and the ongoing economy of exchanges created by the separation regime This heterogeneous regime increasingly involves the participation of Palestinian and international actors Grounded in refined decryptions of territorial realities and of experiences of social actors daily lives this book goes beyond usual political media and security representations and discourses on conflict to understand its contemporary stakes on the ground **Siria en el torbellino**

Conde, Gilberto, 2013-01-18 Una parte muy importante de la población siria expresa voluntad y esperanzas de cambio a partir de marzo de 2011 Se desataron manifestaciones masivas a las que los aparatos de seguridad del Estado respondieron con escaladas de represión Buscando salvaguardar sus propios intereses gobiernos y movimientos de diferentes países dieron su apoyo a las autoridades en unos casos y a los rebeldes en otros la rebelión terminó por convertirse en una sublevación armada a la que el régimen respondió con toda la violencia imaginable Al cabo de un par de años lo que había en Siria no era una simple guerra civil sino un amasijo de devastadores conflictos bélicos con su estela de muertes como con millones de desplazados y refugiados Esta obra reúne las investigaciones de un número importante de investigadores iberoamericanos especializados en el estudio del Medio Oriente que discuten sin pretensión de unanimidad muy diversos aspectos de estos acontecimientos *Handbook of Israel: Major Debates* Eliezer Ben-Rafael, Julius H. L'Orient et l'Occident à l'heure d'un nouveau Sykes-Picot Amir Nour, 2022 un moment où l'accélération de l'Histoire donne le tournis aux esprits les plus clairvoyants il importe aux citoyens du monde que nous sommes et plus particulièrement dans le monde musulman aujourd'hui aux prises avec des convulsions multiformes sans précédent de s'aider de repères et de clés pour tenter de déchiffrer une réalité internationale de plus en plus confuse et complexe

Operation Al-Aqsa flood Jacques Baud, 2024-03-01 Why did Operation Al Aqsa Flood take place and what were Hamas's objectives What really happened on the ground on October 7th What lessons can we learn from the operations carried out by both sides To answer these three questions and many others Jacques Baud revisits the Israeli Palestinian conflict from its very beginnings Why has it still not found a solution What strategies have Israelis and Palestinians adopted over the past 75 years What is the impact of this conflict on our security What are the options for Israel and Palestine in the coming years In this book of rare clairvoyance Jacques Baud deplores the fact that Western decisions are colliding with international law The question is not who we are for but how the international order created after 1945 should be applied Israel's failure to respect this law is provoking its downfall As with any conflict the solution will not come from emotion but from objective dispassionate analysis and honest mediation Back cover

Gens de Gaza Sarah Katz, Annie Vera, 2019-04-22 En plein cœur de la bande de Gaza suivez la lutte d'un peuple en souffrance et en résistance qui souhaite ardemment transmettre au reste du monde leur réalité Comme tout peuple en souffrance et en résistance les habitants de la bande de Gaza confinés dans leur cage souhaitent ardemment transmettre au monde la réalité de leur vie Suite leurs six jours successifs Gaza les auteurs proposent de découvrir la société gazaïenne dans sa diversité ses contradictions et sa résilience Face à l'occupation et au blocus une société contemporaine normale dans des conditions complètement anormales Gaza préfigure-t-elle le monde qui nous attend une population stigmatisée et surveillée en permanence lieu privilégié d'expérimentation des techniques de contrôle des populations laboratoire pour les fabricants d'armes Le film associé au livre met en scène la parole des Gazaïens et participe au récit collectif du peuple palestinien Une description prenante de la société gazaïenne dans sa diversité ses contradictions et sa résilience Gaza préfigure-t-elle le monde qui nous attend une population stigmatisée et surveillée en permanence lieu privilégié d'expérimentation des techniques de contrôle des populations laboratoire pour les fabricants d'armes

EXTRAIT Gaza de l'autre côté de notre Méditerranée en face de nous sur les bords du même monde où les hommes restent des hommes dont aucun ne vaut plus qu'un autre Et pourtant on y perd parfois un bout de bout du monde tant les destructions sont livrées telle une fiction mortelle Gaza est un chantier permanent de construction destruction

reconstruction dans tous les sens du mot chantier concret idéologique symbolique quand tout est en désordre quel chantier. Nous n'avons que le choix de rester debout le secret de Gaza c'est de faire d'un problème une solution je ne sais pas je n'ai pas appris comment baisser les bras. La population de Gaza n'est ni un peuple en armes triomphant ni un peuple cras qui pleure ni un peuple de terroristes on dit que Gaza est un exemple de la résilience Gaza tout peut arriver on n'est sûr de rien quand les droits humains ne sont pas libres d'accéder à personne ne sait pour soi ou pour les autres. Tout le monde attend cela laisse beaucoup de place à l'alternance aux interprétations aux abus de pouvoir Gaza ce qui fait l'unité c'est la famille la solidarité concrète et quotidienne regarder autour de soi ne pas oublier l'autre la résistance. Tout événement est occasion de fêter cette unité d'un peuple qui vit l'apartheid dont un des visages est l'occupation et reste le blocus et qui pour rester vivant et combatif s'anime de ce sentiment de résistance autour de l'unité nationale et familiale la solidarité active la fête Gaza rien ne circule l'économie est en panne c'est comme cultiver dans la mer on est condamné à taper soit contre les autres soit contre les murs il faut vivre la nuit Gaza les jeunes ne sont jamais sortis ils ne connaissent le monde que virtuellement ils ont connu trois guerres et n'ont pas le souvenir d'un passé heureux il ne reste que les récits.

Idealism beyond Borders Eleanor Davey, 2015-12-17 This is a major new account of how modern humanitarian action was shaped by transformations in the French intellectual and political landscape from the 1950s to the 1980s Eleanor Davey reveals how radical left third worldism was displaced by the sans frontières movement as the dominant way of approaching suffering in what was then called the third world Third worldism regarded these regions as the motor for international revolution but revolutionary zeal disintegrated as a number of its regimes took on violent and dictatorial forms Instead the radical humanitarianism of the sans frontières movement pioneered by Médecins Sans Frontières emerged as an alternative model for international aid Covering a period of major international upheavals and domestic change in France Davey demonstrates

the importance of memories of the Second World War in political activism and humanitarian action and underlines the powerful legacies of Cold War politics for international affairs since the fall of the Iron Curtain

The Lure of Anti-Semitism Michel Wieviorka, 2007-10-01 Since the beginning of the 21st century France has seen the return of anti-Semitism with attacks desecration of cemeteries insults and threats This book is the outcome of a survey carried out by Michel Wieviorka along with a dozen sociologists He examines different tracks the possible links between anti-Semitism and the presence of a considerable Muslim population in France the hypothesis of a meeting between Islamism and the anti-Semitic extreme left as well as the hypothesis whereby the rise of anti-Semitism is connected with the evolution of the Jewish population in France which is increasingly attracted by a community oriented way of life This book demonstrates that present day anti-Semitism owes as much to factors internal to French society the social institutional and political crisis as it does to the projection of global issues on French soil in particular those which originate in the Middle East He demonstrates that this phenomenon has novel aspects but its more classical features are also borne in mind This rigorous and objective book is the first scientific study of present day French anti-Semitism (... ; 2).
