RIGHT BEFORE THE 30 YEARS CURVE Emmanuel Sithole, 2025-03-26 They say that life is a series of choices habits and lessons all forming a curve that determines the trajectory of our future The first 30 years of life particularly the decade leading up to them serve as a foundation either propelling us forward or keeping us stuck in cycles of uncertainty This book is about understanding that curve navigating the crucial years before it and setting ourselves up for a fulfilling life We often hear about the mid life crisis or the challenges that come later in adulthood But what about the crisis before adulthood truly begins What about the years when we feel we should have it all figured out yet we barely feel like we've started This book explores how the habits decisions and mindset we develop in our 20s influence the decades that follow It is about taking control before life takes control of us

Survive and Conquer Andrew Grey, 2019-07-09 Newton DeSantis was on the ground when the towers collapsed on 9/11 Though he still carries the scars on his body and his heart he's determined to ease some of the world's suffering Now a social worker and father to two children with special needs he's

doing his best But when one of his cases needs a good lawyer Newton turns to Chase for help Family law attorney Chase Matthews is a rising star and he s in high demand Still Newton is very persuasive and Chase takes his case pro bono Everything about the other man appeals to Chase but he s determined to keep the relationship professional even though after meeting Newton s kids he wants to be a part of their lives Chase s job doesn t always allow him to pick his clients though and a case that could make him partner will put him on the opposite side of the courtroom from Newton along with everything he believes in and the future they could build together *Acknowledging the Divine Benefactor* Terrance Callan,2014-11-10

Acknowledging the Divine Benefactor is a sociorhetorical interpretation of the Second Letter of Peter Using multiple interpretive perspectives and emphasizing the pictorial dimensions of 2 Peter Terrance Callan understands the letter as making the following argument since Jesus Christ has given his followers benefits including the promise of sharing in divine nature they need to make a proper return for these benefits by living virtuously and this in turn will enable them to receive the fulfillment of the promise The occasion of the letter is that Peter s death is near He writes so the addressees can remember his teaching after his death The author expounds this teaching because some people do not await the future fulfillment of Christ s promises and so do not emphasize the need for virtuous living **The Sufi Message of Hazrat Inayat Khan: The Way of Illumination** Hazrat Inayat Khan,2020-09-28 The Sufi understands that although God is the source of all knowledge inspiration and guidance yet man is the medium through which God chooses to impart His knowledge to the world He imparts it through one who is a man in the eyes of the world but God in his consciousness It is the mature soul that draws blessings from the heavens and God speaks through that soul Although the tongue of God is busy speaking through all things yet in order to speak to the deaf ears of many among us it is necessary for Him to speak through the lips of man He has done this all through the history of man every great teacher of the past having been this Guiding Spirit living the life of God in human guise In other words their human guise consists of various coats worn by the same person who appeared to be different in each Shiva Buddha Rama Krishna on the one side Abraham Moses Jesus Muhammad on the other and many more known or unknown to history always one and the same person Those who saw the person and knew Him recognized Him in whatever form or guise those who could only see the coat went astray To the Sufi therefore there is only one Teacher however differently He may be named at different periods of history and He comes constantly to awaken humanity from the slumber of this life of illusion and to guide man onwards towards divine perfection As the Sufi progresses in this view he recognizes his Master not only in the holy ones but in the wise in the foolish in the saint and in the sinner and has never allowed the Master who is One alone and the only One who can be and who ever will be to disappear from his sight The Persian word for Master is Murshid The Sufi recognizes the Murshid in all beings of the world and is ready to learn from young and old educated and uneducated rich and poor without questioning from whom he learns Then he begins to see the light of Risalat the torch of truth which shines before him in every being and thing in the universe thus he sees Rasul his

Divine Message Bearer a living identity before him Thus the Sufi sees the vision of God the worshipped deity in His immanence manifest in nature and life now becomes for him a perfect revelation both within and without
