From Threatening Guerrillas to Forever Illegals Yajaira M. Padilla, 2022-06-21 The experience of Central Americans in the United States is marked by a vicious contradiction In entertainment and information media Salvadorans Guatemalans Nicaraguans and Hondurans are hypervisible as threatening guerrillas MS 13 gangsters maids and forever illegals Central Americans are unseen within the broader conception of Latinx community foreclosing

avenues to recognition Yajaira M Padilla explores how this regime of visibility and invisibility emerged over the past forty years bookended by the right wing presidencies of Ronald Reagan and Donald Trump and how Central American immigrants and subsequent generations have contested their rhetorical disfiguration Drawing from popular films and TV news reporting and social media Padilla shows how Central Americans in the United States have been constituted as belonging nowhere imagined as permanent refugees outside the boundaries of even minority representation Yet in documentaries about cross border transit through Mexico street murals and other media US Central Americans have counteracted their exclusion in ways that defy dominant paradigms of citizenship and integration

Carnival Milla Cozart Riggio, 2004-10-14 This beautifully illustrated volume features work by leading writers and experts on carnival from around the world and includes two stunning photo essays by acclaimed photographers Pablo Delano and Jeffrey Chock Editor Milla Cozart Riggio presents a body of work that takes the reader on a fascinating journey exploring the various aspects of carnival its traditions its history its music its politics and prefaces each section with an illuminating essay Traditional carnival theory based mainly on the work of Mikhail Bakhtin and Victor Turner has long defined carnival as inversive or subversive The essays in this groundbreaking anthology collectively reverse that trend offering a re definition of carnival that focuses not on the hierarchy it temporarily displaces or negates but a one that is rooted in the actual festival event Carnival details its new theory in terms of a carnival that is at once representative and distinctive The Carnival of Trinidad the most copied yet least studied major carnival in the world

Gaming at the Edge Adrienne Shaw, 2015-01-01 Video games have long been seen as the exclusive territory of young heterosexual white males In a media landscape dominated by such gamers players who do not fit this mold including women people of color and LGBT people are often brutalized in forums and in public channels in online play Discussion of representation of such groups in games has frequently been limited and cursory In contrast *Gaming at the Edge* builds on feminist queer and postcolonial theories of identity and draws on qualitative audience research methods to make sense of how representation comes to matter In *Gaming at the Edge* Adrienne Shaw argues that video game players experience race gender and sexuality concurrently She asks How do players identify with characters How do they separate identification and interactivity What is the role of fantasy in representation What is the importance of understanding market logic In addressing these questions Shaw reveals how representation comes to matter to participants and offers a perceptive consideration of the high stakes in politics of representation debates Putting forth a framework for talking about representation difference and diversity in an era in which user generated content individualized media consumption and the blurring of producer consumer roles has lessened the utility of traditional models of media representation analysis Shaw finds new insight on the edge of media consumption with the invisible marginalized gamers who are surprising in both their numbers and their influence in mainstream gamer culture

The Digitalisation of Memory Practices in China Maximilian Mayer, Frederik Schmitz, 2025-09-29 How is memory in China curated in the digital era This pioneering volume investigates the transformation of collective memory in China amid rapid technological change Introducing the concept of the curating state it reveals how digitalisation both supports and challenges official memories giving rise to more hybrid and at times democratised memory practices Bringing together leading Chinese and international scholars the book examines the use of

digital tools by state private and commercial actors to curate their own versions of the past Combining theoretical innovation with rich empirical research this is a vital resource for understanding the dynamic interplay between memory media and power in contemporary China and beyond Socializing Art Museums Alejandra Alonso Tak,Ángel Pazos-López,2020-08-24 Art museums today face the challenge of opening themselves up as institutions to a changing society This publication offers new perspectives on museological trends that are developing in various countries and cultures Through increasingly flexible inclusive and unexpected museum typologies institutions aim to give their visitors greater access to art The essays define the role of the museum as a medium of social change as a protagonist in an education process and as a technologically innovative platform Art historians but also practitioners from the museum world including curators architects and psychologists examine what is expected of art museums using case studies and against the background of the humanities and social sciences **Organizational Communication** Dennis K. Mumby,Timothy R. Kuhn,2024-12-18 Organizational Communication A Critical Approach Third Edition presents a modern critical perspective while providing a comprehensive survey of theory and research in organizational communication Authors Dennis Mumby and Timothy Kuhn familiarize students with the field of organizational communication historically conceptually and practically and challenge them to reconsider their common sense understandings of work and organizations preparing them for participation in 21st century organizational settings Linking theory with practice Mumby and Kuhn skillfully explore the significant role played by organizations and corporations in constructing our identities The text has been extensively revised recognizing that the world has changed significantly between editions including the rise of social media the increasingly networked character of organizational life the emergence of AI and more Critical analysis of the relationship between communication and organization has never been more important and the updates provide a current look into the critical issues that students will face as they navigate their work lives
