# Gcse 2014 Timetable All Boards

**Ben Walsh, David Ferriby, Steve Waugh**

## Gcse 2014 Timetable All Boards:

**2012 GCSE English results** Great Britain: Parliament: House of Commons: Education Committee, 2013-06-11 The 2012 GCSE English results prompted significant controversy which ultimately resulted in an application for judicial review This report sets out the background to these events and identifies lessons to be learned The problems with GCSE English can be traced back to the 2007/09 development phase of the qualification in particular the turbulence which resulted from the shift away from a mostly linear to a modular system combined with a high proportion of controlled assessment and generous marking tolerances Exam board experts raised concerns at the time but these were not acted upon by the regulator the then interim Ofqual Further difficulties arose because of pressures from the school accountability system The problems experienced with GCSE English in 2012 highlighted serious weaknesses in the moderation of speaking and listening with consequences for grade awarding The current status of Ofqual as an independent regulator accountable to Parliament is the right one However the Coalition Government is bringing in wholesale changes to GCSEs and A levels to a tight timetable and at the same time Ofqual must have systems in place The Committee is also concerned that there is a rush towards separate exam systems for England Wales and Northern Ireland without careful reflection on what might be lost or consensus that this is the right thing to do

*Teaching History in a Neoliberal Age* Mary Woolley, 2019-09-04 This book explores changing practice in history classrooms from the autonomy of the 1980s through the introduction of GCSEs and the National Curriculum to the prescription of the National Strategies and the pervasive influence of league tables in the first decade of the twenty first century It uses individual narratives from history teachers to shed light on a changing profession Showcasing research that is crucial reading for leaders in education it uses oral accounts from 13 experienced teachers to provide a rich testimony of the constraints and affordances acting on history teachers The book offers a unique perspective to show how teachers experienced steady but substantial changes in policy and autonomy and how this affected their practice this detail enhances an analysis of policy and curricular documents across three decades The findings are crucial for educational settings today facing crises of teacher recruitment and teacher

retention This book will be of great interest to academics and higher degree research students in history education history of education and education policy It will also be of interest to beginning history teachers and senior school leaders responsible for teacher development and curriculum Forward with Classics Arlene Holmes-Henderson, Steven Hunt, Mai

Musié, 2018-08-09 Despite their removal from England's National Curriculum in 1988 and claims of elitism Latin and Greek are increasingly re entering the mainstream educational arena Since 2012 there have been more students in state maintained schools in England studying classical subjects than in independent schools and the number of schools offering Classics continues to rise in the state maintained sector The teaching and learning of Latin and Greek is not however confined to the classroom community based learning for adults and children is facilitated in newly established regional Classics hubs in evenings and at weekends in universities as part of outreach and even in parks and in prisons This book investigates the motivations of teachers and learners behind the rise of Classics in the classroom and in communities and explores ways in which knowledge of classical languages is considered valuable for diverse learners in the 21st century The role of classical languages within the English educational policy landscape is examined as new possibilities exist for introducing Latin and Greek into school curricula The state of Classics education internationally is also investigated with case studies presenting the status quo in policy and practice from Australasia North America the rest of Europe and worldwide The priorities for the future of Classics education in these diverse locations are compared and contrasted by the editors who conjecture what strategies are conducive to success **AQA GCSE Modern World History Revision Guide**
