Excerpt from A Graduated Course of Simple Manual Training Exercises Vol 1 For Educating the Hand and Eye IT is now very generally admitted that the Kindergarten exercises as carried out in many of the best infant schools provide an excellent means of education through the medium of the operations performed by the children themselves with the objects comprising the various gifts And it has been a frequent source of regret that arrangements were not made for continuing such work in a more advanced form with the children after they had left the infant school The great attention which has recently been given to the general subject of technical education has considerably strengthened this feeling and has led to attempts being made to supply this deficiency in the ordinary school course The present scheme of exercises drawn up at the request of the Liverpool School Board and successfully introduced into nearly all their schools is intended to provide a graduated four years course of practical work for children of from seven to eleven years of age standards I It consists of four series of exercises each series containing thirty exercises and forming the subject of a year s work The present volume contains the first and second series the second part contain ing the other two series is in an advanced stage of preparation The author is indebted to several teachers in the Board s Schools and to the Board s inspectors for various criticisms suggested in the course of the actual working out of the exercises in the schools About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works **Iloko EC1 Training Manual** George B.
