Letat En Afrique La Politique Du Ventre Espace Du Politique:

L'Etat en Afrique Jean-François Bayart, 1989 Comprendre que les sociétés africaines sont comme les autres voilà ce qu'un siècle d'africanisme n'a guère facilité. L'opinion occidentale reste gorgée de stéréotypes sur le pouvoir et l'état en Afrique en particulier quant au rôle privilégié que la corruption et le tribalisme sont censés jouer au sud du Sahara. Certes les Africains parlent eux-mêmes ce propos de politique du ventre. Mais l'expression renvoie aussi bien qu'aux nécessités de la survie et de l'accumulation des représentations culturelles complexes notamment celles du monde de l'invisible de la sorcellerie. En d'autres termes la politique du ventre témoigne d'une trajectoire africaine du pouvoir qu'il faut comprendre la lumière de la longue durée. L'analyse des groupes sociaux qui se disputent l'état post colonial et des différents scénarios qui ont prévalu depuis la proclamation des indépendances permet d'avancer des hypothèses neuves sur la formation d'une classe dominante sur la dépendance des sociétés africaines vis-à-vis de leur environnement international sur la place déterminante en leur sein des stratégies individuelles et des modes populaires d'action politique sur l'importance des réseaux d'influence et des terroirs historiques dans le déroulement des conflits sur la récurrence des conduites souvent religieuses de dissidence sociale sur l'émergence de cultures politiques originales. En définitive cet essai de sociologie historique de l'état propose une lecture à la fois provocante et nuancée de ce qu'il est convenu de nommer le développement. Il ouvre aussi la voie à une réflexion plus générale sur l'invention du politique dans les sociétés d'Afrique et d'Asie.

L'ancien et le Nouveau. La production du savoir dans l'Afrique d'aujourd'hui Hountondji, Paulin J., 2013-10-25 How are the old and the new expressed in the field of knowledge and know how? What did we know yesterday and what do we know today? What was yesterday and what is today the mythical part in what we believe we know? And how do we define in each case the core of concrete and universally valid knowledges? What rights and duties do we acclaim as human beings as women as children as peoples or nations and what understanding do we today have of these rights and duties? What is the impact of what we today call globalisation on the evolution of knowledge know how and the awareness of such rights and duties? To these questions and to other related ones this book provides some answers. It is the result of a conference held in Cotonou in October 2006 on the theme Traditional knowledges and modern science. It is dedicated to the memory of Georg Elwert a German Africanist who passed away in 2005 and whose work on Benin Africa and the Third World remains a source of inspiration for many.

Les enjeux politiques de l'Église en Afrique Léonard Amossou Katchekpele, 2016-11-25 Il y a des livres qui ont marqué la théologie africaine. La présente contribution une théologie du politique a de fortes chances de prendre rang parmi les ouvrages qui font virer le débat en renouvelant les termes. La recherche menée dans ce livre est un exercice au sens plein du terme une expérience de pensée dont l'audace dans la pastorale courante risquerait de choquer ou pire de tomber plat. De quoi s'agit-il donc sinon de questionner des a priori qui sont loin d'être propres à l'Afrique sur la fonction de l'état et la mission des chrétiens et de reprendre pied sur l'essentiel la raison et la foi. Vers quoi nous mène alors la radicalité du propos tenu? Vers la révision de la théologie politique? L'alliance du trône et de

Ex-Combatants and International Statebuilding Nathalie Duclos, 2024-06-07 This book examines the international efforts to regulate violence in Kosovo since 1999 through the United Nations Mission in Kosovo UNMIK and covers 15 years of international presence The book analyses the process of implementing international policies from a sociological perspective and looks at the adaptations and arrangements of public policies achieved through the transactions of international actors with local actors who are at the heart of policy implementation In particular it analyses the disarmament demobilisation and reintegration of combatants DDR programme and shows the extent to which it was co produced with Kosovo Liberation Army KLA leaders co opted by international administrators These analyses take the opposite view to the work that considers ex combatants as spoilers In Kosovo the combatant leaders acted as peace brokers facilitating demobilisation and exercising disciplinary control over rank and file combatants Their position as brokers helped them to take control of the new state being built under international administration This book shows the importance of the relationship between ex combatants and the state and illustrates the multiplicity of their possible trajectories including political ones To elucidate the dynamics of co production in shaping DDR policies and hybridising international policies as well as in state formation the book relies on around a hundred interviews with ex combatants of the KLA and with international personnel as well as on the archives of international organisations and observations in the field This book will be of much interest to students of international statebuilding peace and conflict studies Balkan politics and international relations

gouvernance des groupes armés dans deux provinces du Congo démocratique Andreea Bianca Urs, 2024-03-12

Andreea Bianca Urs est chercheuse et enseignante associée à la Faculté d'études européennes et membre du comité directeur du Centre d'études africaines CESTAF de l'Université Babe Bolyai. Licenciée en Lettres, elle a un double diplôme de master en sciences politiques Université Babe Bolyai et Université Paris Est Créteil et ses principaux intérêts de recherche sont la communication de crise, les conflits africains et la violence armée. Elle a rédigé une thèse de doctorat sur la dynamique des groupes armés actifs dans les provinces orientales de la République démocratique du Congo et elle est l'auteure de plusieurs articles et chapitres scientifiques. Docteure en sciences politiques, Andreea Bianca Urs est vivement intéressée par les systèmes politiques, les discours politiques et la communication contemporaine et contribue activement au développement des études africaines. Il convient d'observer que ce livre apporte une contribution originale et de qualité excellente à la compréhension des problèmes structurels de la République démocratique du Congo. Il nous permet d'avancer dans la compréhension de la nature et de la dynamique des conflits et des mouvements rebelles en Afrique centrale et de mieux cerner les théories qui s'appliquent dans la gestion des conflits et dans la gouvernance dans les sociétés fragmentées. L'ouvrage est le résultat d'une recherche approfondie basée sur l'étude d'une vaste littérature et une recherche cohérente qui mérite l'appréciation du milieu académique et du grand public. Sergiu Miociu. En 2024, l'intérêt grandissant pour l'Afrique se reflète dans l'engagement accru des investisseurs étrangers, des chercheurs et des militants dans une multitude de domaines. Dans ce contexte, la qualité de l'information devient un élément crucial. Cet ouvrage vise à répondre à ce besoin en offrant une analyse approfondie du conflit congolais, qui bien que souvent perçue comme lointaine, revêt une importance réelle pour nous tous. Ce n'est pas un travail sur la guerre et la paix, les conflits et leur résolution ; il s'agit plutôt d'une explication non conforme des conflits congolais s'appuyant sur des éléments internes afin d'expliquer le manque d'administration publique dans les provinces touchées par une violence féroce caractéristique. Andreea Bianca Urs

The State of Post-conflict Reconstruction Naseem Badiey, 2014. Naseem Badiey examines the local dynamics of the emerging capital city of Juba, Southern Sudan, during the historically pivotal transition period following the 2005 Comprehensive Peace Agreement (CPA). Focusing on the intersections of land tenure reform and urban development, she challenges the dominant paradigm of post-conflict reconstruction and reconceptualizes state building as a social process underpinned by negotiation. Badiey explores local resistance to reconstruction programmes, debates over the interpretation of peace settlements, and competing claims to land and resources, not as problems to be solved through interventions but as negotiations of authority which are fundamental to shaping the character of the state. While donors and aid agency officials anticipated clashes between the Government of Sudan and the Sudan People's Liberation Movement (SPLM) following the CPA, they did not foresee internal divisions that impeded reconstruction in Southern Sudan, raising serious questions about the viability of an independent state. In Juba, local elites interpreted the CPA in line with their economic and political interests, using claims to land, authority, and political power to challenge the SPLM's

agenda for urban reconstruction In revealing how local actors strategically interpreted the framework of land rights in Southern Sudan the book offers a basis for understanding the challenges that confront the nascent South Sudan s state builders and their international partners in the future NASEEM BADIEY is Assistant Professor of International Development and Humanitarian Action at California State University Monterey Bay
