Letter Writing Manual:

Letter-writing Manuals and Instruction from Antiquity to the Present Carol Poster, Linda C. Mitchell, 2007 Once nearly as ubiquitous as dictionaries and cookbooks are today letter writing manuals and their predecessors served to instruct individuals not only on the art of letter composition but also in effect on personal conduct Poster and Mitchell contend that the study of letter writing theory which bridges rhetorical theory and grammatical studies represents an emerging discipline in need of definition In this volume they gather the contributions of eleven experts to sketch the contours of epistolary theory and collect the historic and bibliographic materials from Isocrates to email that form the basis for its study Write Letters Iames Willis Westlake.1876 **How to Write Letters; a Manual of Correspondence** James Willis Westlake, 1876 **The Art of Letter Writing** Nathaniel Clark Fowler,1913 William Gilpin and Letter Writing Alain Kerhervé, 2014 William Gilpin and Letter Writing Vol 1 William Gilpin s Letter Writer Among the numerous letter writing manuals which were printed in eighteenth century Britain a few were authored by such famous novelists as Samuel Richardson or Daniel Defoe The present volume is a first time edition of an autograph manual devised by William Gilpin commonly known as one of the theoreticians of the picturesque which he intended either for individual use in the schools he was teaching or for publication The manual was exclusively devised for boys and men Although its primary purpose was to provide models of letters on various occasions at school in apprenticeship in debts in mourning its content is also partly fictional since several groups of letters provide short stories about the lives of young soldiers writing home reformed rakes making a fortune in India or fathers trying to correct their sons misdemeanours The whole tone is highly moral since the manual was also conceived as a work of edification As such it is an excellent counterpart to the correspondence which William Gilpin exchanged with his grandson William Writes to William The Correspondence of William Gilpin 1724 1804 and his Grandson William 1789 1811 Cambridge Scholars Publishing 2014 The manual is presented with an introduction notes index and appendix of a list of eighteenth century letter writing manuals focusing on the issues of sources society and epistolary writing William Gilpin and Letter Writing Vol 2 William Writes to William The Correspondence of William Gilpin 1724 1804 and his Grandson William 1789 1811 William Gilpin 1724 1804 is commonly known as one of the originators of the idea of the picturesque He was also an Anglican clergyman a schoolmaster with modern educational ideas and the author of several biographies tours and essays The present edition provides a first insight into his more personal writings since it is made of the correspondence he exchanged with his grandson between 1794 and 1803 It is teeming with personal intimate detail on his daily life domestic and aesthetic concerns The letters also deal with such various topics as nature architecture and religion The relationship is highly pleasurable and discloses the art of being a grand father as well as illustrating the first steps of a young boy s writing of letters The tone of some of William Gilpin's letters is highly moral since the grand father's aim was also obviously to educate and edify his grandson As such the present book is an excellent counterpart to William
